RIGID QUARANTINE WORKS HARDSHIPS

Fears Entertained That Many Towns Will Suffer.

TOTAL CASES, 569; DEATHS, 115

There is No Material Change in the Fever Situation—Two Deaths Have Occurred at Shreveport, La.—Citizens Want Texas State Guarded.

New cases in New Orleans, 4.
Total to date, 569.
Deaths in New Orleans, 2.
Total deaths, 115.
Cases in State of Louisiana outside New Orleans, 22.
Deaths in state of Louisiana outside of New Orleans, 3.

There was no material change in the fever situation in New Orleans up to noon today. The total number of new cases and deaths were small but considerable suspicious sickness was reported.

There are now 32 cases of this nature under investigation by the marine hospital service. The campaign in the Crescent City is progressing favorably under the federal authorities, the taking over of control being accomplished without friction. The weather today in New Orleans is clear and warm.

Two deaths from fever have been reported at Shreveport. They are of cases which tried to enter this city from other points but were stopped and sent to the detenion hospital.

There is no yellow fever in the city of Shreveport. The notice of these two deaths was given out by the marine hospital service and was the first intimation in Shrevepart of more than one case in the detention hospital. Both cases claimed to have come from Arkansas.

There have been 22 new cases reported in parishes outside of New Orleans during the past 24 hours. Nineteen of these are in the town of Patterson, and are mostly Italians.

The three other cases reported are in St. Charles parish, one of them being a negro.

The two cases of suspicious sickness reported yesterday at Bon Ami, La., have also diagnosed yellow fever. One terminated fatally. On hearing of these cases, Texas people living along the Louisiana line border requested the governor of Texas to send militia to the state line for guard duty, but the governor declined to comply.

As far as known, there is not a case of the disease in Mississippi, the two cases at Sumeral and Lumberton having been discharged as cured.

New Orleans, August 9.—Reports from the bedside of Archbishop Chappell, who is ill with yellow fever today, was to the effect that the venerable prelate was about holding his own, with the physicians still unable to predict with confidence the outcome of the attack upon him.

The case of the archbishop is stated to be well defined and his age and physique are not points in his favor in an attack of the disease.

The closest attention is being given his case by both physicans and nurses and numerous telegrams of inquiry continue to be received.

There was little change in the fever situation today. The early morning report was of only one death, but it was anticipated there would be others as the day progressed. Reports of suspicious cases were received from several parts of the city.

The campaign is progressing, under the direction of the marine hospital authorities, without friction and the taking over of control has been attended without friction. Dr. White is pleased with the hearty spirit of co-operation manifested in every direction.

Dr. White remained in the city today, postponing his proposed visit to Baton Rouge to consult with various boards of healt hthire concerning the quarantine regulations.

The weather today is clear and warm.

May Relax Rigid Quarantine.

New Orleans, August 9.—Some prob[illegible] considerable relaxation of quarantine restrictions in Louisiana. Governor Blanchard is urging President Souchon of the state board of health to take steps toward that end and Dr. Souchon's energy in the matter is already beginning to show results, his intimation of litigation in St. Landry having so modified the quarantine in that parish that it is to be opened to all freight forwarded in fumigated cars.

Governor Blanchard says he is receiving complaints of suffering from many parts of the state. Medicines, ice and coal and many other necessaries are wanted, and there is a demand everywhere for mail service. He says also that most distressing conditions will come about if the telegraph and telephone services are interrupted, and that the way should be cleared for repairers and linemen to keep these services in order.

The state board of health has complete supervisory control over all the quarantines, and steps are to be taken to exercise that control.

In the meantime the marine hospital service is to send reports to attend conferences of various health boards, to explain the mosquito theory, to show that the mosquito cannot be transmited by freight and to urge uniformity in the quarantine regulations.

Town Threatened with Food Famine.

Jennings, La., has so completely bottled herself up that she is not only threatened with a food famine, but also one of rice sacks and twine, which promises to become a most serious matter as some of the crops are already beginning to mature. The general situation, so far as the fever itself is concerned, is considered to have shown considerable improvement. Although new foci are appearing here and there, it is still looked upon as being held within bounds, and Dr. White regards this as showing practical results from the more perfect organization recently formed.

One Death at Panama.

Washington, August 9.—The isthmian canal committee today received a cablegram from Governor Magon announcing the death of A. G. Livingston, a division engineer at Culebra, from yellow fever. Livingston was from St. Louis, Mo. The new cases of yellow fever were reported are Juan Barrero, a Spanish non-employe at Panama, and William Curnow, an American employe at Culebra.

Tennessee Town Qurantines.

Nashville, Tenn., August 9.—Union City, Tenn., near Memphis, quarantined against the yellow fever infected districts today. The quarantine is most rigid.

Yellow Jack in Peru.

Callao, Peru, August 9.—The first case of yellow fever developed in the Bella Vista hospital at Callao yesterday.

No Appeal from Venezuelan Court.

New York, August 9.—No appeal now is posible before the Venezuelan courts against the judgment handed down by the federal court against the judgment handed down by the federal court against the New York and Bermudez Alphalt Co says the Herald correspondent at Caracas. All the points in the original judgment of May 20 are confirmed by the present decision in addition to the annullment of Hamilton contracts, in connection with which damages for the government rewarded.

Mrs. Gould Hurt in Auto Accident.

Dieppe, France, August 9.—While George J. Gould, accompanied by Mrs. Gould, was returning yesterday from Saint Valery Encaux, the motor car skidded. Mrs. Gould was thrown out, bruising her leg, but not seriously. The car pursued a wild course, with Mr. Gould climbing to it down a steep incline, but was finally stopped by a hedge. Mr. Gould was not injured.

American Authoress Banquetted.

Lima, Peru, August 9.—Irving B. Dudley, the American minister, gave a banquet last night in honor of the American authoress, Mary Robinson Wright. Among those present were the charge d'affaires of Belgium, subsecretary Polo, of the Peruvian foreign office and C. Hamilton Jones, the American vice consul at Callao.

BUILDING COLLAPSED AND MANY KILLED

Over One Hundred People Are Buried In the Ruins.

NUMBER OF DEAD NOT KNOWN

While Repairing a Building Occupied by a Big Department Store, a Pillar Was Removed and Floors and Walls Fell In.

Albany, N. Y., August 9—Three hundred persons employed in the large department store of the Jno. G. Meyers estate at Nos. 39 and 41, North Pearl street, had just gone to work this morning when the whole center of the building collapsed from roof to cellar.

Nearly a hundred men and women and children were carried down in the wreck.

The first estimate placed the number of killed and injured at 40. Thus far all those taken from the ruins have been alive. There is no doubt, however, that when the rescuers reach the bottom of the heap of debris they will find a number of dead.

Most of those injured were young women.

When the collapse occurred the walls and roof of the center of the structure fell into the building, forming a mass of debris, under which were the unfortunate victims.

Telephone communication was sent to the various hospitals and doctors throughout the city, and within half an hour 25 doctors and ambulances were on the scene. The various stores in the neighborhood were turned into emergency hospitals, and mattresses were brought from the various department stores in the neighborhood for the care of the victims.

The work of digging out the victims was conducted by the members of the fire and police departments and all city laborers.

It was necessary to cut off the water supply. The scenes about the building were pitiful as those within.

Several hundred relatives of employes were there and their supplications as to the welfare of their loved ones was heartrending. It is said at this hour that Robert M. Chalmers, one of the members of the firm was missing. A clerk with whom he was talking when the crash came said:

"He was at my side and then there was a crash and I saw him no more."

There is now absolutely no way to get tiding of those in the building. It will take several hours to dig out all the victims.

Were Repairing Building.

The Myers estate has been making extensive repairs on its building. This morning a gang of Italian workmen started to remove an iron pillar that supported the main floor. Evidently they had failed to brace the floor properly, for scarcely had they lossened the post when down came all three upper floors within a radius of 50 feet from the fatal pillar.

The wreck crashed through to the cellar, burying the workmen and carrying down those who happened to be working in that portion of the building. The fire department was called out and the work of rescue began at once.

Considering the nature of the accident, the number of persons who escaped with only slight injuries is remarkable.

Bank Rober Caught in Alabama.

Mobile, Ala., August 9.—An Item special from Fruitdale, Washington county, 40 miles north of Mobile, says that Harry Haas, the Darlington, Ind., bank robber, was arrested at this place early this morning, after an exciting chase over several states. The arrest was made at the instance of C. E. Moorman, a justice of the peace, of Washington county, Alabama, who recognized the fugitive and at once placed a warrant in the hands of a constable, J. M. Smith, who at once placed Haas under arrest. The crime for which he is wanted is that of robbing the Bank of Darlington, Ind., of $5,000. Haas is held here awaiting the arrivel of officers from Darlington.

STATE LIQUOR TAX RAISED.

House Passed Bill to Make License $1,000 Instead of $200.

Atlanta, August 9.—If the house of representatives holds to the action it took Monday, the tax on liquor dealers, county and city dispensaries included, for the next two years will be $1,000 a year.

The increase from $200 to $1,000 was made only after a hard and persistent fight, and then only by the close vote of 69 to 67.

It looked at one time as if the vote were a tie—68 to 68—and that it would be up to Speaker Slaton to decide the question, but it was discovered that Mr. Corn, of Towns, had voted against the $1,000 amendment under a misapprehension, and the change in his vote made the difference.

To Provide for Inebriate Home.

Hon. Hal G. Nowell, of Walton county, is the author of a bill introduced in the house Monday providing for a fund for the foundation and maintenance of an inebriate asylum.

The main feature of the bill is the creation of a fund by requiring a special license to the paid by all keepers of saloons, groceries, restaurants, wholesale or retail liquor stores, hotels, breweries, etc., the license being $10 in addition to all other license or licenses required by law.

The money so realized is to be collected by the treasurer of each county in which such business is conducted and by them turned over to the treasurer of the state and by him kept separate and apart from all other funds of the state.

New County Bills in Senate.

In order that the senate committee on new counties may have before the members all bills porviding for the creation of new counties, Senator Wheatley introduced in the senate on Monday 17 bills, each of which has previously been introduced in the house.

These bills were read for the first time and referred to the committee on new counties.

The introduction of these bill by Senator Wheatley was one of the results of the fight made by Chairman Hall, of the house committee on new counties, continuing their informal joint sessions.

THREE KILLED BY EXPLOSION.

Saw Mill Boiler Bursts While Men Were Sheltered from Storm.

Knoxville, Tenn., August 9.—A telephone message from Del Rio, in Cocke county, Tenn., tells of a disastrous boiler explosion near that place in which three men were killed and another fatally injured, and seven others wounded.

The scene of the fatality was a saw mill, owned by T. J. Salts & Co. Fifteen men were in th eboiler room when the explosion occurred, the majority being lumbermen, who had been driven in by a fierce rainstorm. The dead are Herman Tistler, Frank Plate and Joe Turner. Merritt Burgin was so badly injured that he can live but a few hours. Turner's mangled body was blown one hundred and fifty yards.

Carelessness in allowing water to get low in the boiler is the supposed cause of the accident.

Steamship Captain Arrested.

New York, August 9.—Through the arrest of Captain Romado deParavich, of an Austrian line steamship, charged with bringing over 660 steerage passengers for whom there were not regulation accommodations, it has developed that ten secret service agents are traveling for a time in the steerage of incoming steamers. Captain Paravich was held in cash bail before a United States commissiner.

Portland Capitalist Dead.

Portland, Ore., August 9.—C. H. Prescott, a capitalist of this city and at one time prominent in railway circles, is dead here as the result of a stroke of paralysis which occurred six weeks ago. Mr. Prescott was born in Boston in 1839, and entered the railway business in 1869. He was at one time auditor and cashier of the Missouri River, Ft. Scott and Gulf railroad.

ENVOYS ARE READY FOR CONFERENCE

Japanese and Russian Ministers Arrive at Portsmouth.

CITY CROWDED WITH VISITORS

M. Witte, Russian Envoy, Fails to Arrive—The Fleet Fearing Japanese Arrive Safely in Harbor—Will Endeavor to Conclude Peace.

Portsmouth, N. H., August [illegible] one of the foreign peace envoys within its gates and the other [illegible] tically at the harbor at Portsmouth, the cit yawoke today to a realization that one of the most important [illegible] in its history was actually at hand.

The Russian envoy, M. Witte, arrived last night, and early today a wireless message was received from one of the fleet which left Oyster Bay on Saturday with the other [illegible] that the vessels were not far from the Isles of Shoals, and that the Russian fleet would anchor in the harbor just before 9:30 o'clock.

At an early hour the streets began to fill up as steam trains, trolley and private conveyances brought visitors from all parts of southern New Hampshire.

The famous old seaport was appropriately draped with flags and bunting and presented an attractive appearance.

The fleet was in the harbor [illegible] shortly after 9 o'clock, and within a few moments after 9 o'clock [illegible] the vessels dropped anchor off the navy yard. At the hotel Wentworth M. Witte got up early, began at once the work of preparing with Mr. Wilenkin, some dispatches to the government in answer to those which reached him during the night.

Speaking to a representative of the Associated Press, he said that [illegible] mor ethan ever animated by the desire of doing all in his power to conclude peace, but that, as he had already stated, all will depend on what the Japanese expect to obtain. However he will leave nothing undone to attain the desired object, and in any case, the world will judge on whom the responsibility shall rest. [illegible] argument to conversation, M. Witte, who had been working [illegible] his shirt sleeves, said that notwithstanding the beautiful scenery and the sea breeze, he had felt [illegible] even here.

"I expected," he added, "it would be cooler."

Boiler Makers Meet in Knoxville.

Knoxville, Tenn., August [illegible] 13. Brotherhod of Boiler Makers of America, representing the boilermakers in the shops of the Southern railway is holding the annual schedule convention in this city. The rules to be adopted will probably be acted at the Wednesday session and will then be presented to the officials of the Southern railway at Washington. It is said an increase of [illegible] cent over the old scale will be asked. The shops represented are those at Charleston, and Columbia, S. C., Selma and Birmingham, Ala., Manchester and Alexandria, Va., Atlanta and Macon, Ga., Chattanooga, Tenn. S. D. Sargent, general superintendent of Charleston Shops, is presiding.

Girl Charged with Murder.

Lexington, Ky., August [illegible] Ethel Delaney, of this city, was arrested here on a charge of complicity in murdering Cecil Crutcher at Stanford, Ky., July 16 last. Miss Delaney was visiting in Lexington at the time and was at the home when the murder occurred. She will have been arrested in connection with Miss Delaney denies [illegible] was to go back to Stanford.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

A. ENDEL'S MISFORTUNE.

Fire Caused a Great Deal of Damage to His Stock in Jacksonville.

The following, taken from The Times-Union of the 8th inst., will prove of interest to readers of The Sun, since the store in question is owned exclusively by Albert M. Endel, for many years a resident and business man of this city. At the time of the fire Mr. Endel was absent, having sailed on the Clyde steamer the day before for New York. The news will be a surprise to him upon reaching his Northern destination. The Times-Union says:

"Fire which started from a fire-pot in the upstairs portion of Endel, Kidwell & Sheridan's tailoring and gents' furnishing store, 129 West Bay street, at 6:45 o'clock yesterday morning, badly damaged the building and stock therein.

"An alarm was sent in from Box 14, corner of Bay and Hogan streets, and the firemen did excellent work in saving the property and stock. Quite a lot of the goods in the store was badly damaged, but the exact loss from the fire could not be ascertained.

"The fire ate its way through the floor of the upstairs portion of the store and fell through to the lower floor. The firemen had quite a job in extinguishing the fire."

A Quiet Marriage—Rain Damages Cotton Crop—Other Notes of Interest.

LaCrosse, August 9.—J. S. Parker left Tuesday for Richmond, Va., where he has accepted a traveling position with one of the best houses in that progressive city. "Sie" is specially fitted for such a position, and his friends predict for him a successful career.

Rev. John N. Thompson is visiting his wife at Island Grove.

Cotton crops are injured by the excessive rains of the past few days.

Next Tuesday, the 15th, is the day set for the sub-district school election, and from present indications the vote will be unanimous for the school interest.

T. J. Rivers and Miss Ollie Howell were quietly married last Sunday afternoon by Rev. C. F. Parker. Their many friends wish for them a long life of happiness and prosperity.

S. E. Brooker, who has been truck farming in Gainesville, has returned to his home here.

Mrs. Mallie Sims of Webster is visiting her parents, Mr. and Mrs. A. G. Cooksey. Mrs. Sophie Wright of Savannah, Ga., another daughter, is also visiting them.

Mrs. A. B. Shaw of Old Town, Lafayette county, is visiting the family of J. W. Harris.

Joseph W. Harrell, who has been confined to his room with fever, is improving.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

Convicted at Newberry.

Constable J. D. Siford arrived in the city Tuesday having in custody two prisoners who were committed in Justice Henderson's court.

Chas. McDonald was arraigned upon a charge of assault with intent to murder. His bond was fixed at $250 and failing to procure the bond he was committed to jail to await the action of the grand jury at the fall term of the circuit court.

David McFall, charged with common assault, was sentenced to pay a fine of $100 and costs or spend six months in the county gang. Failing to produce the cash, he will spend the term in an apprenticeship at the turpentine farms.

Mob Hangs Negro From Bridge.

Waco, Tex., August 9.—At 2 o'clock this morning mounted citizens to the number of about 600 surrounded the court house and jail, and after making prisoners of Sheriff Tilley, the jailer and all the deputy sheriffs, broke open the jail, took Sank Majors out and after hearing his confession hung him from the new bridge. He is still hanging there, and the mob is still in the city. Majors was recently convicted of criminal assault and given the death penalty, but had been granted a new trial by Judge Surratt in order that there might be no opportunity for the court of criminal appeals to reverse the sentence on a technicality. The mob took action.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

Two Negroes Hanged.

Helena, Ark., August 9.—Tom Wilson, slayer of his brother, and Will Robertson, wife murderer, paid the penalty of their crimes on the scaffold in this city. Both men were negroes, and both met death with perfect composure, declaring that they were ready to go. The drop was six and a half feet. Robertson's neck was broken. Wilson died of strangulation.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. CITY WILL BOND FOR $110,000 FOR NEEDED PUBLIC IMPROVEMENTS

Mayor Thomas Vetoed Bill Providing for Sewerage Alone.

WANTED OTHER IMPROVEMENTS

Explained His Veto and Stated in Person That City Was Now on Verge of Prosperity and Needs Improvements in Other Ways—New Ordinance.

The municipal legislature, in accordance with the order of Monday evening, met in recess session Tuesday night, at which a number of ordinances were presented and read, one of which by waiving of the rules was passed and would have become a law with the approval of the mayor.

This ordinance was an ordinance introduced by Alderman Taylor, and provided for the calling of an election for bonds in the amount of $50,000 for the purpose of constructing a complete system of sewerage, and to provide for a board of bond trustees. The colleagues of Alderman Taylor evidently realized that it was the proper thing, and it passed its first reading with an ease akin to a boy at a county fair sliding down a greasy pole. The result was that the rules were waived and the ordinance was passed to its second and third readings, and was adopted; but when presented for the signature of Mayor Thomas there was a lull in the proceedings—not because of the mayor's adversity to the law, but because of the fact that he was not of the opinion that it was sufficiently broad. The instrument was vetoed, and the reasons are given below:

The Mayor's Reasons.

"To the Honorable President and Members of the City Council of Gainesville, Florida.

"Gentlemen: I beg to return you herewith, without my approval, an ordinance entitled 'An Ordinance Providing for the Issuance of Bonds under the Provision of an Act of the Legislature of Florida, entitled 'A Bill to be entitled An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of These Powers,'' the object and purpose of which is to provide for the calling of an election submitting to the qualified voters of the city of Gainesville the propositions of bonding for the sum of $50,000 for the purpose of constructing a sewerage system in said city and the election of a board of public works to have charge of all funds arising from bond sales and the construction of all public works.

"On Tuesday the qualified electors of this city approved the issuance of $50,000 of bonds for educational purposes which represents this city's donation to the University of Florida shortly to be constructed in our city.

"In this ordinance you provide for the issuance of another $50,000 in bonds to be used for the purpose of constructing sewerage. From neither of these two sources will you derive any material profit. From the former there will be none; from the latter but little since the primary object of sewerage is public health, the acquirement of which entails upon the city the same duty and expense on behalf of the poor as well as the wealthy property holders. No matter how economically administered, no sewerage system can ever pay its operating expenses—of the proof of which I am sure there can be no doubt.

"I find, therefore, that you contemplate the issuance of $100,000 in bonds, the payment of which must be derived solely from the taxation of city property.

"It occurs to me that in the issuance of bonds for public utilities a due regard should always be had for the most available method of meeting the indebtedness whereby the lightest possible burdens might be imposed upon the tax-payer.

Municipal Lighting.

"With this idea in view, I recommend that you incorporate in your proposition of bonding for sewerage purposes the issuance of an amount of bonds over and above that necessary for the construction of a sewerage plant sufficient for the purchase, or erection of an electric light plant for the city.

"Aside from the fact that every municipality should own its lighting plant, deriving therefrom not only the benefit of good service and cheaper rates, but also the revenues that flow therefrom, in the present instance by taking this step you will acquire a public utility which will not only pay for itself, but will produce a revenue to enable you to meet the indebtedness of the bond issue for educational and sewerage purposes. By this means, you will relieve the tax-payers of a large portion of the expense incident to the redemption of the bonds to be issued by you for the two purposes above named.

A Profitable Investment.

"From investigations I have made, I am well satisfied of the fact that an electric light plant in the city of Gainesville at this time will produce a net profit of about $12,000.

"Eliminating from consideration the cost of an electric light plant, and estimating that your sewerage system will cost you $50,000, we find that upon the $100,000 bonded indebtedness, an electric light plant, after paying the interest of $5,000 per annum upon this sum, will leave you a sinking fund of about $7,000 per year—sufficient to liquidate this bonded indebtedness in a period of a little less than fifteen years.

"In view of the fact that you contemplate a portion of the sewerage bonds running for a period of thirty-five years, it is easy to be seen that the revenues of an electric light plant, without considering the extension of its business by reason of the growth of the city in future years, will easily pay the $100,000 bonded indebtedness you now contemplate, together with its own cost, in a period much shorter than that for which you intend these bonds to run.

"In my judgment the proposed ordinance should make provision for the purchase, or construction, of an electric light plant, as well as the construction of a sewerage system, and because of that I return you the ordinance with my veto.

"Very respectfully,
"W. R. THOMAS, Mayor."

Bond Was Increased.

After receiving the vetoed ordinance, the council passed another ordinance increasing the amount to $110,000, and adding the purchase of the electric light and gas plants, or the building of new plants, and paving of streets. The ordinance provided $50,000 for sewerage system, $50,000 for the purchase of the present plants or the construction of others, and $10,000 for street paving. All the councilmen were present with the exception of Chairman Broome, who is absent from the city, and Alderman Wittstock, who is indisposed. It was the unanimous vote of the council, as it was deemed the proper step towards advancement.

Mayor Thomas was present at this meeting and explained his reason for vetoing the ordinance for sewerage alone, because he realized that the other improvements, which could be secured under the same ordinance, would be as easily secured without the expense or trouble of conducting other elections.

The ordinance as passed Wednesday night provides $110,000, proportioned as follows: $30,000 payable in fifteen years; $40,000 payable in twenty-five years; $40,000 payable in thirty-five years, at the office of the treasurer of the city of Gainesville.

This is the most important step ever taken by the city, and the mayor and council are to be commended for their energy.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

LETTER FROM ELMER WHITE.

He Congratulates Gainesville on Securing the University.

Every old citizen of Gainesville will remember E. J. White, engaged in the newspaper business with the present editor of The Sun for several years up to July, 1898, and who has since been residing in Yukon Territory. In a recent letter to Senator McCreary he shows that though in the shadow of the North Pole he still feels interested in Gainesville, as does every one who ever lived in this city. Mr. White writes:

"White Horse, Y. T., July 25, 1905.—I have just read in The Sun of the 10th instant that Gainesville has been accorded the State University, and although away up here in the shadow of the North Pole, I wish to express my gratification.

"Things are at last coming my way; at least they show symptoms of being about ready to start my way. I have only seventeen pounds more to gain to reach the two hundred mark.

"My family went to the States lately and will visit the Portland Exposition, but I have not been south of Juneau, Alaska, for seven years. I will probably, however, hit for God's country next year."

Mr. White's old friends hope he will visit Gainesville soon, for they would like to see what he looks like as a two hundred pounder.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Fishing For Sheep.

When sheep were first introduced into Cornwall, England, a flock which had strayed from the uplands on to Gwithian sands were caught there by the tide and ultimately carried into St. Ives bay during the night. There the floating flock was observed from the St. Ives fishing boats, whose crews, never having seen sheep, took them for some new kind of fish and did their best to secure them both by hooks and lines and by netting. Those they secured they brought home triumphantly next morning as a catch to which even pilchards were as nothing.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Hawk and Weasel.

A New Zealand paper relates that a settler noticed a hawk flying about in a peculiar manner and crying out as if in pain. The settler obtained a gun and shot the bird, and investigation showed the cause of its distress was a weasel which was perched on the hawk's back, with its teeth buried in the bird's neck. Apparently the animal had pounced upon the hawk when it was on the ground and was carried skyward with the flight of its prey.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

"Smart" London Manners.

A fashionable crowd is almost invariably bad tempered. People jostle each other vindictively and preserve a stony, icy glare the whole time. A man at a dance seeking his partner in the crush will not hesitate to push past women in a way that would probably shock his barbarian ancestors.—London Lady.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MALARIA

UNDERMINES THE HEALTH

When the germs of malaria enter the blood the entire health is affected, and if the blood is not purified of these germs and microbes, Chronic Sores and Ulcers, Liver Splotches, Chills and Fever, Boils, Aches and Pains, and a great variety of troubles manifest themselves, and soon the entire system is undermined, leaving the sufferer a prey to a most miserable, weak and nervous condition.

913 W. Market St., Louisville, Ky.

For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. I took a few bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief, and I cannot speak too highly of S. S. S. My partner in business is now taking S. S. S. for an eruption of the skin, and a general run-down condition of the system, and although he has taken but one bottle, already commences to feel better.

I. SHAPOFF.

S. S. S. counteracts and drives all the poison from the blood and builds up the system by its fine purifying qualities and tonic effects. It strengthens every part, increases the appetite, helps the stomach and digestion, and by supplying the body with rich, pure blood, cures Malaria and all its disagreeable ailments. Unlike most blood medicines S. S. S. is purely vegetable. It does not contain a particle of mineral of any kind to disagreeably affect the stomach, digestion and bowels, but by cleansing and strengthening the blood, puts every part of the body in healthy condition. Book on the blood and any medical advice desired without charge.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Leaped from Brooklyn Bridge.

New York, August 9.—In sight of hundreds of elevated and surface car passengers on the Brooklyn bridge, a well dressed man, whose identity is unknown, leaped from a surface car bound for Brooklyn this evening and running to the center of the bridge, between the towers, hesitated a second, and then leaped through the railing to the river below. The man's body was seen to turn three times in the air and then struck the water head foremost. The car on which the man was riding was stopped as soon as he left it, and the motorman and a number of passengers gave chase, but reached the edge of the bridge only in time to witness the plunge in the river. Policemen in a row boat searched in vain for the body.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

RAILWAYS' STRENUOUS EFFORT.

Company Doing All in Their Power to Handle Passenger.

New York, August 9.—Strenuous efforts were made by the management of the Delaware, Lackawanna and Western railroad today bringing into New York, thousands of commuters whose homes are along its route and to overcome the handicap imposed by the destruction of the railroad station, ferry slips and partial loss of two ferryboats last night. After a hurried consultation with the officials of the Erie and Pennsylvania railroads and Lackawanna roads trains were diverted to the stations of those two railroads in Jersey City. A hundred extra trolley cars were sent through the suburban section of Jersey City to bring the commuter to the Newark station of the Pennsylvania railroad. Extra ferry boats were added to the ferry houses of the Pennsylvania and Erie railroads to take care of the heavy increase in travel on account of those two lines.

It is estimated that the loss to the Lackawanna railroad by the fire will be $500,000. To repair the damage every mechanic on the line that can be spared has been ordered to come to Hoboken and it was announced that within a week the Lackawanna road will be able to handle its own traffic.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

A Magnificent Library Worth $500 Offered Free of Cost!

Unprecedented Offer that Promises to Prove Unusually Interesting.

Something SUN Readers Shoud Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school, club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchants through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their names and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each sunday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted, and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

The eyes of the world are on Portsmouth, N. H., at present.

Generally the fellow that talks most thinks everybody else are great talkers.

The man who minds his own business these days ought to succeed. He will have so little competition.

A great many people from the vicinity of New Orleans are finding it very convenient to visit in the North.

"A Celebrated Case," with Miss Ida Tarbell and John D. Rockefeller in the title roles, would do a good stroke of business.

The insurance companies were the ones who used to talk of taking "risks." Now the man who has the policy thinks he is taking the risk.

It seems that there ought to be no trouble over a peace treaty. All that is wanting, it is claimed, is to satisfy Russia's ideas of "honor."

There is plenty of room at the top, as the fellow said when he ascended the gallows. But he also discovered that there were pitfalls to catch the unwary.

New Orleans can now expect to get a thorough renovating that will remind her of the days of Gen. Benjamin Butler when he drove Yellow Jack out of that city.

It is too bad the political scapegoat industry is not included in the investigation of the agricultural report. However, it may be mentioned in the beef trust investigation.

The jury in the Sanford-Wright shooting at Rome, Ga., demanded a fresh charge from the judge. They may have been a little premature in their demands, but evidently wanted something out of the ordinary.

Major-General Corbin, who has been quietly resting in the Philippines, has come to the front, and will try to build not enough of the appropriation for new quarters for the soldiers to build a mansion for himself. Corb is clever.

The railroad statistics sent out by the government from the various states regarding the valuation of roads are a long way from being accurate. The figures are not taken as reliable in the states where they are made up, and when they reach Washington great caution is placed in them because they come from the state railroad commissioners.

The vote on the educational bond question shows which way the gentle breeze is wafting in this locality when it comes to a question of advancement in the city's welfare. The vote only failed three of being unanimous and there will now be no need of delay in getting work on the University. On Monday next the Board of Control will meet in Jacksonville, when plans will be presented and another step taken in the matter. That the people are ready to do their share there is no doubt and the State will find Gainesville always on hand to do just the right thing.

JUDGE BELL OF MARION.

Governor Broward's appointment of Joseph Bell of Ocala as county judge for Marion county has stirred up a veritable bald-hornet's nest in that section among the supporters of the Governor. The Ocala Banner says, in a lengthy article:

"Mr. John T. Lewis and his friends were Governor Broward's best friends in this county in the gubernatorial primary election. They worked for him with a faith that was admirable, if not heroic. At their own expense they distributed his literature and went from place to place singing his praises and arousing enthusiasm for him.

"Mr Lewis was a candidate for the office of county judge made vacant by the death of the lamented General Bullock. He had letters and telegrams in his pocket from Gov. Broward and Mr. Stockton and also oral statements from friends who had seen Governor Broward in person saying that the Governor was anxious to appoint him to the place and would do so if he secured the endorsement of the Democratic Executive Committee, and that he would not make an appointment until the committee made an endorsement."

Governor Broward now gives the following as his reasons for appointing Bell:

"In the first place I appointed the man who had the best recommendations for the position. There were twelve applicants for the position, and Mr. Bell seemed to have the best recommendations. I do not know Mr. Bell personally, but he was born in Marion county, is a reputable lawyer, and appears to be a gentleman of the highest standing in his profession and among his people.

"So far as the executive committee is concerned, the committee was called together and I was informed by wire that there was not a quorum present. They stated in the telegram that they would make another effort to meet next Thursday. I did not know whether or not they would fail to meet next Thursday, and as I wanted to get off for a few days, I appointed the man who had the best recommendations for the place. I acted because I though that the office was of such importance that it ought to be filled as soon as practical at least."

YELLOW FEVER.

With the government in charge at New Orleans and a strict quarantine where it is deemed necessary, it is almost certain that Yellow Jack will have to capitulate before the ides of November, as everything is being done at the source of the trouble in this country to stamp it out as soon as possible. The people at New Orleans are confident that the government has the power, and when this becomes impressed on their minds, half the trouble is averted.

In Tampa, where the one case has been handled with such system and thoroughness, Dr. Porter gave the people to understand that he was determined to stop the spread of the fever, and by the most persistent work he and his able assistants became masters of the situation. Knowledge of what they had in hand helped them to grasp the situation, and the people of that city now have faith in Dr. Porter and can always be found ready to do as directed by him, should another such emergency arise.

Dr. Bartlett and President Hendry of the State Board of Health, and the entire board, for that matter, are deserving of the people's respect, and it is refreshing to know that this important board is composed of men who work for the best interests of the people of the State of Florida.

Union carpenters in Tampa did a job in that city that was very unsatisfactory, and non-union men have been employed to refinish it, which is said to be a hard blow to some of the union workmen.

Open Traffic in Indian Girls.

Vancouver, B. C., August 9—A report has been made to the provincial police by Constable Jones who was just retired from the Indian village at Cape Mudge, stating that in that settlement there is open traffic in Indian girls. Jones found a number of well authenticated cases where halfbreed and quarter breed girls have recently been sold to white men at prices ranging from $100 to $200. A complete investigation will be made by the authorities.

Virginia Journalist Dead.

Norfolk, Va., August 9.—Charles H. Sapp, editor of the Norfolk Virginian and Pilot, died at St. Vincent's hospital, this city, today; aged 33 years. He had been ill in health for months but his fatal illness was only of a week's duration. Mr. Sapp, who was in early life a school teacher in North Carolina, was quite a brilliant writer and had been in charge of the editorial department of the Viriginian and Pilot since 1900.

Receiver for Big Knitting Mill.

New York, August 9—Geo. Adams, of the United States district court, has appointed a receiver in bankruptcy for the assets of the American Knit Goods manufacturing company, whose factory is in Brooklyn. The bond was fixed at $150,000. The company was incorporated on July 1, 1902, with a capital stock of $2,550,000. The liabilities are reported to be about $400,000.

Neuralgia
And Other
Pain.

All pain in any disease is nerve pain, the result of a turbulent condition of the nerves.

The stabbing, lacerating, darting, burning, agonizing pain that comes from the prominent nerve branches, or sensory nerves, is neuralgia, and is the "big brother" of all the other pains.

Dr. Miles' Anti-Pain Pills rarely ever fail to relieve these pains by soothing these larger nerves, and restoring their tranquility.

Dr. Miles' Anti-Pain Pills leave no bad after-effects, and are a reliable remedy for every kind of pain, such as headache, backache, stomachache, sciatica, rheumatism and neuralgia.

They also relieve Dizziness, Sleeplessness, Nervousness, Car-Sickness, and Distress after eating.

"For many years I have been a constant sufferer from neuralgia and headache and have never been able to obtain any relief from various headache powders and capsules, until I tried Dr. Miles' Anti-Pain Pills. They always give me headache in five minutes time." FELIX R. SWINGLEY, Cashier 1st Nat. Bk., Atkinson, Neb.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

MAGOON PRESENTS CREDENTIALS

To President of Panama Republic. United States Complimented.

Panama, August 9.—Charles Magoon, governor of the canal zone, yesterday presented his credentials as American minister plenipotentiary. A reception was then held at President Amador's palace, which gave an opportunity for the Panaman officials to demonstrate their friendship and esteem for Governor Magoon.

The speech of the American minister was very gratifying to those present. He said, among other things, that excepting the American there is no flag upon which the United States looks with such pride and favor as that of Panama. The prompt recognition by the United States he said of Panama's independence was largely instrumental in establishing its sovereignty.

President Amador in replying paid high compliments to the United States, Roosevelt and Magoon. He declaredt hat Panama was loyal and that t frank policy initiated in Roosevelt's name and affectionate brotherly conduct of Secretary Taft would undoubtedly increase American influence in Latin-America.

Odd Art Criticisms.

A young woman of great, perhaps too great, sensibility, according to the Dundee Advertiser, begged to be excused from visiting an aunt who lived in an old fashioned house where pictures of a certain period were in evidence. "There is an engraving of a blacksmith's shop in the dining room!" said she hysterically. "You can't expect me to eat my dinner there; I smell the hoofs."

A similar criticism came from one who suffered, not from overrefinement, but from something quite different. She was a woman of recently acquired wealth, who went into an art gallery and asked for a painting of a certain size. "I have just what you want," said the dealer. He showed her a beautiful animal painting, but she looked at it for a few minutes and then shook her head. "It won't do," she said; "I want this picture for my drawing room." "But it's a beautiful thing," ventured the dealer. "Not for a drawing room," announced the woman conclusively; "you couldn't have a cow in a drawing room."

Puzzles From the Greek.

If two are a few, why not three; if three, why not four, and by a gradually advancing increment of number why not 10,000 or any other number? Or, again, if the loss of a single hair does not make a man bald, why should the loss of two, of three, and so on, and inferentially the loss of all?

If, then, no addition or subtraction of a unit can transform a small number of wheat grains into a heap or a full head of hair into a bald head, how is it possible that either transition should ever be accomplished?

Take a grain of millet out of a bushel and let it fall on the ground, and it makes no noise. Take every grain in succession of 10,000, let the same happen, and no sound is heard. Then collect all the grains back into the bushel and pour it out, and the result is a great noise. How, asks Zeno, can 10,000 noiseless processes make one full of noise?

Trespassing.

According to the common law of England there can be no theft of things which form part of or are attached to the soil, and there is no statute or penalty against the gathering of wild flowers in a field or wood. Most people at some time or other have paused at the fearsome legend, "Trespassers Will Be Prosecuted," printed on the menacing board which lawyers have described as a "wooden liar," for, as a matter of fact, the mere walking across another man's field is no more a criminal offense than to walk along the highroad. If the trespasser does no actual damage there is no ground for prosecution, with any hope of obtaining more than merely nominal damages, and none but a born litigant would dream of taking action.—London Globe.

Frayed Cuffs.

Among the minor arts of life of which we have lately given some instances is one which is sadly neglected. It r[illegible]s to the treatment of shirt cuffs that show the first protest against the laundry's handling. The laundress is cruel, but the man who pares his shirt cuffs with scissors heaps folly upon brutality. With the first touch of steel the cuff is ruined. Light a match and pass it round the frayed edges (do not burn your wrist). The cleansing fire will remove the dross and leave intact the pure gloss of the cuff. A cuff treated with fire will last laundry generations longer than the cuff treated with steel.—London Chronicle.

Picking Pockets.

"Picking pockets," said the reformer to the thief, "must be a difficult and precarious business."

"It is," agreed the pickpocket. "It is. [illegible]"

Advertising and Success.

Try to name the things in trade that are great sellers and yet are not advertised. You will not get far.—Boston Herald.

Our clear headed contemporary is right. The great successes of the commercial world are good things well advertised. There is nothing like "printer's ink" to turn a merchant's dimes into dollars. And there are such skill and power of interesting description shown by the advertisers of today that the columns devoted to their announcements are not only full of information, but are mostly readable and entertaining.—New York Herald.

ALACHUA DIVISION

...OF...

THE MUTUAL LIFE INDUSTRIAL ASSOCIATION

OF GEORGIA.

If YOU Have Not a POLICY IN THIS COMPANY, WHY NOT?

It gives protection at actual cost. Local men manage it and prevent any possibility of fraud. It is insurance at actual cost and money kept at home. Its source and origin, purpose and end, is Mutual and Co-operative help—one thousand persons banded together to INSURE each other AT COST.

For a policy in the ALACHUA DIVISION OF THE MUTUAL LIFE ASSOCIATION of Georgia. Average cost to Policy Holders last year, $5.49 on a $1,000 policy. Forty-seven Divisions now running. $24,800,000.00 Insurance in force—now writing more than three millions of dollars a month. Only one thousand members allowed in one division and policy limited to $1,000. Open to men and women. Initiation fee payable when application is made.

At ages from 16 to 30 Class A	$3 00
At ages from 30 to 40 Class B	4 00
At ages from 40 to 50 Class C	5 00
At ages from 50 to 60 Class D	6 00

These amonnts are paid only one time. One year from the date of the policy, and annually thereafter.

The annual dues are Class A	$ 75
The annual dues are Class B	1 00
The annual dues are Class C	1 25
The annual dues are Class D	1 50

Whenever a death occurs in a division, each member is called upon to pay a death premium of $1.15. According to the sworn statement of the Company made to the Comptroller General January 1st, 1905, the average cost to the policy holders of Georgia last year to carry a $1,000 policy was $5.49.

Paid beneficiaries during the year 1904, $64,000.00.

$3,321,000.00 of business written in May, 1905.

Mortuary rate last year 3 1-10 per 1,000 policy holders—year before, 3 3-10 per 1,000 policy holders.

EXPERIENCE OF A POLICY-HOLDER IN THE CLARKE COUNTY DIVISION.

This division was organized four years ago; in the whole of that time there have only been fifteen deaths in that division, which is full and consists of a thousand members, an average of 3 3-4 deaths a year. These are facts.

Let us see what has been the actual cost of a thousand dollars insurance of a member of the Clarke county division who has been in it for the last four years, and who was between the ages of forty and fifty Class C. His initiation fee was $5.00, 15 death assessments $1 each, $17.25. There has been three annual dues $1.25 each, total $22.25 for four years insurance, or an average of $5.83 to carry a thousand dollars insurance for a year, between the ages of forty and fifty. A member who is under that age has just a similar amount. In an old line or stock company, at the same age, would have cost these members $48.48 per annum. Is there any sense in paying $48 48 for the same thing that you get for $5.83 and just as good and just as safe?

What One of Georgia's Greatest Men Has to Say About the "Mutual Life of Georgia."

ATHENS, GA., March 27, 1905.

MR. JOHN A. DARWIN, Secretary and Treasurer, Athens, Ga.

Dear Sir: After making a careful study of the plan of "The Mutual Life Industrial Association of Georgia," I have taken out a policy in it and consider it the most complete solution of life insurance I have ever seen.

I have insurance in old-line and assessment companies and I have decided that "The Mutual Life" is as safe and at the same time lower in cost than any of them.

Yours very truly, HOWELL COBB.

Received through Mr. L. A. House, Secretary and Treasurer, $1,000 from "The Mutual Life of Georgia," Home Office, Athens, Ga., as beneficiary under Policy No. 4313, in the Windsor Division. This had only cost my husband $9.90 for nearly two years. The money was paid me in 24 hours after his death. I beg all women in Georgia to insist on their husbands to take a policy in the Athens Company. (MRS.) EMMA J. BAKER.

PANIC OCCURS ON STREET CAR.

Short Circuiting of Controller Box Injures Several Passengers.

New York, August 9.—Through the short circuiting of a controller box on the front of a trolley car on the Brighton Beach line last night two persons were fatally burned and two others seriously injured. Two of the number were women.

A large crowd returning from the beach was on board the car when it was an open one. Four passengers were on the front seat behind the motorman. When the latter threw off the power at Neck road and applied the brakes there was a blinding flash followed by screams of pain from those near the motor box. Enveloped in a sheet of blue fire, they leaped over the dashboard and saved themselves from death.

All lights were extinguished and there was a terrific scramble among the passengers to reach the ground. Several women and children were severely injured before order was restored.

RELIGIOUS EDIFICE IS CONSUMED

One of New York's Finest Chruches Is Now in Smouldering Ruins.

New York, August 9.—St. Thomas church at Fifth avenue and Fifty-third street, one of the most richly endowed religious edifices in America, was wrecked by fire today.

A whole block of the ruined church property, lines of half a score of the city's wealthiest men. On Fifty-third street, directly in the rear is the residence of John D. Rockefeller. Near by are the residences of William Rockefeller, H. McKay Twombly, Colonel J. J. McCook and the estate of the late Daniel S. Lamont. The St. Regis is barely one block away and scores of the finest residences in America are in the district which St. Thomas church practically the center.

The fire was confined to the church.

Cures Sciatica.

L. Riley, L. L. D., Cuba, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment. I got the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Hampton.

VERDICT NOT YET MADE.

Jury in the Sanford Case Still Unable to Agree.

Rome, Ga., August 9.—No verdict has yet been reached in the Sanford murder case, and there has been no intimation from the jury to indicate what will be the result.

This is the fifth day since the jury solmenly filed into the jury room for the first time.

Up to the present the judge has not asked how the jury stod and the result of not a single ballot has been given to the outside world.

Judge Wright has not stated how long he will insist upon holding the jury and the final outcome of the case is still as much a matter of uncertainty as on last Friday morning.

Late last night the jury sang songs to while away the time and the crowd listened in silence as the music drifted through the court house windows and was wafted on the mellow summer air.

The jurors looked haggard and worn this morning as they marched from the boarding house to the jury room and the trying ordeal is telling on them.

Interest continues as great as ever and many insist on remaining within easy reach of the court room should a verdict be announced or should the judge call the jury before him.

Creditors Will Get Interest.

Macon, Ga., August 9.—Not only will the defunct First National bank pay dollar for dollar, but the depositors will be paid some interest on their money and there is a probability of the stockholders getting a portions of their assessment returned. This is according to a statement made by Colonel W. J. Butler, the receiver of the institution. Already the bank has paid out 95 per cent to the depositors but many there were who thought this would be the last dividend. That all will be paid in full will be welcome news to the hundreds who had their all in the ill-fated institution.

Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

New York, Aug. 9.—Eight passengers and four of the crew of the schooner Alliance, from Colon, have been detained at Hoofman's Island.

Miss Ellis Married.

The home of Mr. and Mrs. T. B. Ellis, Sr., was the scene of a wedding at 6 o'clock Wednesday morning, when their charming daughter, Miss Allie May, was married to C. A. Marks, Rev. S. B. Rogers of the First Baptist Church officiating.

The bride is one of Gainesville's most popular young ladies. She was born and reared here and has many friends. The groom is a popular conductor of the Seaboard Air Line and is now running a train between Starke and the Suwannee river.

While the marriage came as a surprise, friends of the contracting parties extend congratulations.

Mr. and Mrs. Marks left on the Gainesville and Gulf Railway for points on the East Coast, where they will spend their honeymoon.

Epworth League Entertainment.

About fifteen couples of the Epworth League of the Methodist church were entertained by special invitation at the home of Col. and Mrs. I. E. Webster, North Gainesville, Tuesday evening. The party was chaperoned by Mrs. W. R. McKinstry.

Col. and Mrs. Webster enjoy a reputation as clever entertainers, and this was no exception. The evening was delightfully spent, and incidentally the guests were treated to delicious fruit. They are under lasting obligations to the clever host and hostess.

RIGID QUARANTINE WORKS HARDSHIPS

Fears Entertained That Many Towns Will Suffer.

TOTAL CASES, 569; DEATHS, 115

There is No Material Change in the Fever Situation—Two Deaths Have Occurred at Shreveport, La.—Citizens Want Texas State Guarded.

New cases in New Orleans, 4.
Total to date, 569.
Deaths in New Orleans, 2.
Total deaths, 115.
Cases in State of Louisiana outside New Orleans, 22.
Deaths in state of Louisiana outside of New Orleans, 3.

There was no material change in the fever situation in New Orleans up to noon today. The total number of new cases and deaths were small but considerable suspicious sickness was reported.

Thre are now 32 cases of this nature under investigation by the marine hospital service. The campaign in the Crescent City is progressing favorably under the federal authorities, the taking over of control being accomplished without friction. The weather today in New Orleans is clear and warm.

Two deaths from fever have been reported at Shreveport. They are of cases which tried to enter this city from other points, but were stopped and sent to the detenion hospital.

There is no yellow fever in the city of Shreveport. The notice of these two deaths was given out by the marine hospital service and was the first intimation in Shrevepart of more than one case in the detention hospital. Both cases claimed to have come from Arkansas.

There have been 22 new cases reported in parishes outside of New Orleans during the past 24 hours. Nineteen of these are in the town of Patterson, and are mostly Italians.

The three other cases reported are in St. Charles parish, one of them being a negro.

The two cases of suspicious sickness reported yesterday at Bon Ami, La., have also diagnosed yellow fever. One terminated fatally. On hearing of these cases, Texas people living along the Louisiana line border requested the governor of Texas to send militia to the state line for guard duty, but the governor declined to comply.

As far as known, there is not a case of the disease in Mississippi, the two cases at Sumeral and Lumberton having been discharged as cured.

New Orleans, August 9.—Reports from the bedside of Archbishop Chappell, who is ill with yellow fever today, was to the effect that the venerable prelate was about holding his own, with the physicians still unable to predict with confidence the outcome of the attack upon him.

The case of the archbishop is stated to be well defined and his age and physique are not points in his favor in an attack of the disease.

The closest attention is being given his case by both physicans and nurses and numerous telegrams of inquiry continue to be received.

There was little change in the fever situation today. The early morning report was of only one death, but it was anticipated there would be others as the day progressed. Reports of suspicious cases were received from several paris of the city.

The campaign is progressing under the direction of the marine hospital authorities, without friction and the taking over of control has been attended without friction. Dr. White is pleased with the hearty spirit of co-operation manifested in every direction.

Dr. White remained in the city today, postponing his proposed visit to Baton Rouge to consult with various boards of healt hthre concerning the quarantine regulations.

The weather today is clear and warm.

considerable relaxation of quarantine restrictions in Louisiana. Governor Blanchard is urging President Souchon of the state board of health to take steps toward that end and Dr. Souchon's energy in the matter is already beginning to show results, his intimation of litigation in St. Landry having so modified the quarantine in that parish that it is to be opened to all freight forwarded in fumigated cars.

Governor Blanchard says he is receiving complaints of suffering from many parts of the state. Medicines, ice and coal and many other necessaries are wanted, and there is a demand everywhere for mail service. He says also that most distressing conditions will come about if the telegraph and telephone services are interrupted, and that the way should be cleared for repairers and linemen to keep these services in order.

The state board of health has complete supervisory control over all the quarantines, and steps are to be taken to exercise that control.

In the meantime the marine hospital service is to send reports to attend conferences of various health boards, to explain the mosquito theory, to show that the mosquito cannot be transmited by freight and to urge uniformity in the quarantine regulations.

Town Threatened with Food Famine.

Jennings, La., has so completely bottled herself up that she is not only threatened with a food famine, but also one of rice sacks and twine, which promises to become a most serious matter as some of the crops are already beginning to mature. The general situation, so far as the fever itself is concerned, is considered to have shown considerable improvement. Although new foci are appearing here and there, it is still looked upon as being held within bounds, and Dr. White regards this as showing practical results from the more perfect organization recently formed.

One Death at Panama.

Washington, August 9.—The isthmian canal committee today received a cablegram from Governor Magon announcing the death of A. G. Livingston, a division engineer at Culebra, from yellow fever. Livingston was from St. Louis, Mo. The new cases of yellow fever were reported are Juan Barrero, a Spanish non-employe at Panama, and William Curnow, an American employe at Culebra.

Tennessee Town Qurantines.

Nashville, Tenn., August 9.—Union City, Tenn., near Memphis, quarantined against the yellow fever infected districts today. The quarantine is most rigid.

Yellow Jack in Peru.

Callao, Peru, August 9.—The first case of yellow fever developed in the Bella Vista hospital at Callao yesterday.

No Appeal from Venezuelan Court.

New York, August 9.—No appeal now is pesible before the Venezuelan courts against the judgment handed down by the federal court against the judgment handed down by the federal court against the New York and Bermudez Alphalt Co. says the Herald correspondent at Caracas. All the points in the original judgment of May 20 are confirmed by the present decision in addition to the annulment of Hamilton contracts, in connection with which damages for the government rewarded.

Mrs. Gould Hurt in Auto Accident.

Dieppe, France, August 9.—While George J. Gould, accompanied by Mrs. Gould, was returning yesterday from Saint Valery Encaux, the motor car skidded. Mrs. Gould was thrown out, bruising her leg, but not seriously. The car pursued a wild course, with Mr. Gould climbing to it down a steep incline, but was finally stopped by a hedge. Mr. Gould was not injured.

American Authoress Banquetted.

Lima, Peru, August 9.—Irving B. Dudley, the American minister, gave a banquet last night in honor of the American authoress, Mary Robinson Wright. Among those present were the charge d'affaires of Belgium, subsecretary Polo, of the Peruvian foreign office, and [illegible]

BUILDING COLLAPSED AND MANY KILLED

Over One Hundred People Are Buried In the Ruins.

NUMBER OF DEAD NOT KNOWN

While Repairing a Building Occupied by a Big Department Store, a Pillar Was Removed and Floors and Walls Fell In.

Albany, N. Y., August 9—Three hundred persons employed in the large department store of the Jno. G. Meyers estate at Nos. 39 and 41, North Pearl street, had just gone to work this morning when the whole center of the building collapsed from roof to cellar.

Nearly a hundred men and women and children were carried down in the wreck.

The first estimate placed the number of killed and injured at 40. Thus far all those taken from the ruins have been alive. There is no doubt, however, that when the rescuers reach the bottom of the heap of debris they will find a number of dead.

Most of those injured were young women.

When the collapse occurred the walls and roof of the center of the structure fell into the building, forming a mass of debris, under which were the unfortunate victims.

Telephone communication was sent to the various hospitals and doctors throughout the city, and within half an hour 25 doctors and ambulances were on the scene. The various stores in the neighborhood were turned into emergency hospitals, and mattresses were brought from the various department stores in the neighborhood for the care of the victims.

The work of digging out the victims was conducted by the members of the fire and police departments and all city laborers.

It was necessary to cut off the water supply. The scenes about the building were pitiful as those within.

Several hundred relatives of employes were there and their supplications as to the welfare of their loved ones was heartrending. It is said at this hour that Robert M. Chalmers, one of the members of the firm was missing. A clerk with whom he was talking when the crash came said:

"He was at my side and then there was a crash and I saw him no more."

There is now absolutely no way to get tiding of those in the building. It will take several hours to dig out all the victims.

Were Repairing Building.

The Myers estate has been making extensive repairs on its building. This morning a gang of Italian workmen started to remove an iron pillar that supported the main floor. Evidently they had failed to brace the floor properly, for scarcely had they lossened the post when down came all three upper floors within a radius of 50 feet from the fatal pillar.

The wreck crashed through to the cellar, burying the workmen and carrying down those who happened to be working in that portion of the building. The fire department was called out and the work of rescue began at once.

Considering the nature of the accident, the number of persons who escaped with only slight injuries is remarkable.

Bank Rober Caught in Alabama.

Mobile, Ala., August 9.—An Item special from Fruitdale, Washington county, 40 miles north of Mobile, says that Harry Haas, the Darlington, Ind., bank robber was arrested at this place early this morning, after an exciting chase over several states. The arrest was made at the instance of C. E. Moorman, a justice of the peace, of Washington county, Alabama, who recognized the fugitive and at once placed a warrant in the hands of a constable, J. M. Smith, who at once placed Haas under arrest. The crime for which he is wanted is that of robbing the Bank of Darlington, Ind., of $3,000. Haas is held here awaiting [illegible]

STATE LIQUOR TAX RAISED.

House Passed Bill to Make License $1,000 Instead of $200.

Atlanta, August 9.—If the house of representatives holds to the action it took Monday, the tax on liquor dealers, county and city dispensaries included, for the next two years will be $1,000 a year.

The increase from $200 to $1,000 was made only after a hard and persistent fight, and then only by the close vote of 69 to 67.

It looked at one time as if the vote were a tie—68 to 68—and that it would be up to Speaker Slaton to decide the question, but it was discovered that Mr. Corn, of Towns, had voted against the $1,000 amendment under a misapprehension, and the change in his vote made the difference.

To Provide for Inebriate Home.

Hon. Hal G. Nowell, of Walton county, is the author of a bill introduced in the house Monday providing for a fund for the foundation and maintenance of an inebriate asylum.

The main feature of the bill is the creation of a fund by requiring a special license to the paid by all keepers of saloons, groceries, restaurants, wholesale or retail liquor stores, hotels, breweries, etc., the license being $10 in addition to all other license or licenses required by law.

The money so realized is to be collected by the treasurer of each county in which such business is conducted and by them turned over to the treasurer of the state and by him kept separate and apart from all other funds of the state.

New County Bills in Senate.

In order that the senate committee on new counties may have before the members all bills porviding for the creation of new counties, Senator Wheatley introduced in the senate on Monday 17 bills, each of which has previously been introduced in the house.

These bills were read for the first time and referred to the committee on new counties.

The introduction of these bill by Senator Wheatley was one of the results of the fight made by Chairman Hall, of the house committee on new counties, continuing their informal joint sessions.

THREE KILLED BY EXPLOSION.

Saw Mill Boiler Bursts While Men Were Sheltered from Storm.

Knoxville, Tenn., August 9.—A telephone message from Del Rio, in Cocke county, Tenn., tells of a disastrous boiler explosion near that place in which three men were killed and another fatally injured, and seven others wounded.

The scene of the fatality was a saw mill, owned by T. J. Salts & Co. Fifteen men were in th eboiler room when the explosion occurred, the majority being lumbermen, who had been driven in by a fierce rainstorm. The dead are Herman Tistler, Frank Plate and Joe Turner. Merritt Burgin was so badly injured that he can live but a few hours. Turner's mangled body was blown one hundred and fifty yards.

Carelessness in allowing water to get low in the boiler is the supposed cause of the accident.

Steamship Captain Arrested.

New York, August 9.—Through the arrest of Captain Romado deParavich, of an Austrian line steamship, charged with bringing over 660 steerage passengers for whom there were not regulation accommodations, it has developed that ten secret service agents are traveling for a time in the steerage of incoming steamers. Captain Paravich was held in cash bail before a United States commissiner.

Portland Capitalist Dead.

Portland, Ore., August 9.—C. H. Prescott, a capitalist of this city, and at one time prominent in railway circles, is dead here as the result of a stroke of paralysis which occurred six weeks ago. Mr. Prescott was born in Boston in 1838, and entered the railway business in 1869. He was at one time auditor and cashier of the Missouri River, Ft. Scott and Gulf railroad.

ENVOYS ARE READY FOR CONFERENCE

Japanese and Russian Ministers Arrive at Portsmouth.

CITY CROWDED WITH VISITORS

M. Witte, Russian Envoy, First to Arrive—The Fleet Fearing Japanese Arrive Safely in Harbor—Will Endeavor to Conclude Peace.

Portsmouth, N. H., August 9.—With one of the foreign peace envoys within its gates and the other three practically at the harbor at Portsmouth, the cit yawoke today to a realization that one of the mos important days in its history was actually at hand.

The Russian envoy, M. Witte, arrived last night, and early today a wireless message was received from one of the fleet which left Oyster Bay on Saturday with the other envoys, that the vessels were not far from the Isles of Shoals, and that the three vessel fleet would anchor in the harbor just before 9:30 o'clock.

At an early hour the streets began to fill up as steam trains, trolley cars and private conveyances brought visitors from all parts of southeastern New Hampshire.

The famous old seaport was elaborately draped with flags and bunting and presented an attractive appearance.

The fleet was in the harbor entrance shortly after 9 o'clock, and it was but a few moments after 9 o'clock when the vessels dropped anchor off the navy yard. At the hotel Wentworth M. Witte got up early, began at once the work of preparing for Mr. Wilenkin, some dispatches from the government in answer to those which had reached him during the night.

Speaking to a representative of the Associated Press, he said that he was more ethan ever animated by the desire of doing all in his power to conclude peace, but that, as he has often stated, all will depend on what the Japanese expect to obtain. However, he will leave nothing undone to the desired object, and in case of failure, the world will judge on whom the responsibility shall rest. From argument to conversation, M. Witte, who had been working up to his shirt sleeves, said that notwithstanding the beautiful scenery and the sea breeze, he had felt [illegible] even here.

"I expected," he added, "it would be cooler."

ALACHUA COUNTY WILL BE AT FAIR

County Commissioners Act Favorably Upon Sending Exhibit.

PEOPLE MUST GET TO WORK

Alachua, One of the Richest and Most Diversified in the State, Will Show to the World What a Fine Country We Have—Tax Assessments.

The Board of County Commissioners were in special session Monday. Although this session was called for the purpose of hearing complaints of property owners on the raising of assessments, the board generously consented to take up and discuss the Florida State Fair and the matter of sending an exhibit from Alachua county. This fair, which will be held in Tampa from Nov. 15 to 30 of the present year, will be the biggest and best ever seen in Florida and is destined to accomplish great good in advertising the State and those counties which manifest sufficient enterprise to send exhibits.

Mayor W. R. Thomas, Councilman W. B. Taylor, and Jesse E. Burtz, vice-president of the Florida Mid-Winter State Fair Association, appeared before the board in the interest of the Fair Association and the people of Alachua county, laying out a plan of organization, and asking the cooperation and financial aid of the commissioners for the purpose of defraying the expense of collecting the exhibits and displaying same at Tampa. A communication from Mr. Burtz suggested the appointment of a number of fair commissioners throughout the county, the duty of whom it shall be to solicit exhibits from individuals, manufacturers, etc., and later the employment of a competent man, on salary, to collect the exhibits and see that they are properly packed for shipment, and to accompany them to the fair and superintend the exhibit. The suggestion was most favorably received, and the board disposed of the matter at this meeting by assuring the committee that an appropriation of $500 would be made at the next regular meeting, provided a fair association would be organized in the county by that time to manage the affair. This association will be formed and well organized before the September meeting of the board, when the commissioners will be appointed.

Alachua county, one of the richest and most diversified in the State, can and will make a fine showing at the Fair. With her rich mineral deposits, her cotton, her naval stores and timber, manufacturing, cattle, agriculture and horticulture, her educational interests, etc., no county in the State can furnish a finer or more extensive general exhibit, and her people propose to show to the world what can be produced here.

Our brothers in South Florida may depend upon it that Alachua county will be at the Fair, and it need not be surprising if we should walk away with that $2,000 premium for the best general county exhibit. We have the products and the grit and the energy, and we are going to concentrate them all between now and the 15th of November.

A large number of property owners appeared before the Board with grievances upon raising the assessment, and in many instances the assessments were reduced.

ALACHUA'S FIRST BALE.

It Was Shipped to Savannah Monday by Charles A. Williams.

Alachua, Aug. 8.—Charles A. Williams, Alachua's leading cotton buyer, today shipped to Savannah, Georgia, the first bale of Sea Island cotton, supposed to have been shipped from Florida. The bale was ginned Monday by W. C. Rives & Son. Mr. Williams offered five cents per pound for seed cotton for ten days, which offer is out on the 9th. He is in the cotton business to stay and will make things lively this fall. His fall goods are arriving daily and, assisted by W. V. Roberts, is fitting up one of the finest first-class hardware stores to be found in the State. In addition to hardware he will carry a complete line of buggies and wagons, coffins and caskets.

How to Avoid Appendicitis.

Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties.

"My oldest daughter found it very beneficial for uterine trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength.

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular menstruation, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that bearing-down feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, at Lynn, Mass., for further free advice. No living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

WINDSOR HAPPENINGS.

Rain Disappointed Picnickers—Cemetery Being Cleaned—Other Notes.

Windsor, Aug. 7.—The rains in this section have been very heavy during the past week.

M. J. Beckham and C. R. Spivey made a brief visit to Gainesville Wednesday.

The picnic which was to be held here Saturday failed on account of rain; but the weather clearing up in the afternoon a dance was given that evening in the hall, which was quite largely attended.

R. H. Montgomery, who has been in St. Petersburg for the past few months, has returned home.

Miss Annie Adams, who was visiting relatives here, returned to her home at Central Sunday.

The Providence cemetery is being enlarged and cleaned up. Contributions for this purpose will be received by Mrs. Cora Beckham, treasurer, from all parties interested.

Miss Clara Thomas, who is attending the Normal, was visiting her parents Sunday.

G. A. Byles, our bustling merchant, was transacting business in Gainesville Friday.

Mrs. Eva Spivey, who is keeping the postoffice in the absence of the regular postmistress, is giving entire satisfaction.

Monroe Ormond of Tampa was visiting his son, F. Ormond, last week.

F. Tillman and family of Prairie City were visiting relatives here Saturday and Sunday.

W. C. T. U. Reception.

There was an enthusiastic meeting of the W. C. T. U. on Monday afternoon, 21 new members being added. A reception will be given by the union to the teachers in attendance on the State Normal and all the friends of the W. C. T. U., at the dormitory, Friday evening, August 18th, at 8 o'clock. An enjoyable time is anticipated.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

MORE ABOUT THE G. AND G. SALE

Stated That Stockholder in G. S. & F. Is in the Deal.

OWNS ONE-THIRD OF G. & G.

It is Believed That Construction Southward Will Begin at Early Day and Will Not be Completed Until Gulf Outlet is Reached at Tampa.

The Tampa Morning Tribune Tuesday wired The Sun as follows:

"The Tribune has reliable information that J. N. Tiller of Ocala, a partner of A. P. Stucky, is interested in the Georgia Southern and Florida Railroad, and also owns one-third of the stock of the Gainesville and Gulf."

This would tend to strengthen the rumor and the general belief which has been current upon the streets of Gainesville that the new owners of the Gainesville and Gulf propose to extend the road southward without delay, with Tampa as the proposed southern terminal. By this extension the road would not only traverse the richest and most fertile section of Florida, but would pass through many prosperous and growing towns and cities of South Florida, affording a new and much nearer and more convenient outlet for the public to the West. As the roads now run, there is only one gateway out of Florida from many of these points, and that is Jacksonville. The completion of the Gainesville and Gulf to Tampa would lessen the distance between Tampa and Macon nearly a hundred miles, which would mean a saving of from three to four hours between the points, to say nothing of the convenience. The road will also traverse a fine timber section, and would offer manufacturers of lumber and naval stores a new and prosperous field which heretofore has remained undeveloped for lack of transportation facilities.

The purchasers of the road are recognized as being among the leading and most conservative business men in the State, and that they will make marked improvement in the service at once there is no doubt. It is learned that the track already in operation will be strengthened, heavier iron will take the place of that now in use, heavier locomotives and more modern passenger coaches will be placed in commission, and in all the change will be a revelation.

The officers of the company under the new organization are S. F. Parrott of the Georgia Southern & Florida, president; A. P. Stuckey of Ocala, first vice-president; B. W. Blunt of Ocala, second vice-president; F. M. Simonton of Tampa, secretary; H. E. Taylor of Gainesville, treasurer; L. E. Barker of Gainesville, superintendent; W. S. Banks of Gainesville, auditor. It is understood that the other employes of the old organization will retain their respective positions.

The general offices of the company will remain in Gainesville indefinitely, which will be gratifying information to the public.

GAINESVILLE & GULF HAS CHANGED HANDS

Has Been Purchased by Tampa and Ocala Capitalists.

TALK OF SOUTHERN INTEREST

It is Believed That the Southern is Behind the Move and That the Road Will be Extended Southward at Once. New Officers Elected.

One of the most important deals ever made in this section was consummated Monday, when the Gainesville and Gulf Railroad was transferrred from its former owners to F. M. Simonton of Tampa and A. P. Stucky and B. W. Blunt of Ocala, representing a number of capitalists, and purchasing a large slice of the road for themselves.

This deal has been in contemplation for several days, but nothing of a definite understanding was made known until Monday, when the road, with all its appurtenances, was formally transferred to the new owners.

The Gainesville and Gulf Railroad is forty-eight miles in length. It runs from Sampson City to Fairfield, traversing one of the richest horticultural and agricultural sections of the State, and touching many thrifty towns and villages which have sprung up within the past few years. The construction of the road was begun by V. J. Herlong in 1895, from Gainesville, in a southerly direction, its objective point being Micanopy. Mr. Herlong had made a careful study of the country, and was not slow to realize the fertility of the soil, with the result that he constructed and successfully operated the Gainesville, Rocky Point and Micanopy Railroad for several years. In 1900 the road was extended to Sampson City, where connection was made with the Georgia Southern, and the name was afterward changed to Gainesville and Gulf

Immediately after the consummation of the sale, the new owners held a meeting and elected the following officers:

S. F. Prescott of the Georgia Southern and Florida, president; A. P. Stucky of Ocala, first vice-president; B. W. Blunt of Ocala, second vice-president; H. E. Taylor, treasurer; L. E. Barker, superintendent; W. S. Banks auditor. The last three officers were re-elected, which was a great compliment to their ability.

There is naturally all sorts of rumors afloat regarding the object of the purchasers. It was the general rumor that they are acting for the Southern Railway and that the road will be extended to Tampa and reequipped with the heaviest rail and most modern cars and locomotives. At any rate, there will be "something doing" in this direction at no distant day, as the new owners, it is sure, did not purchase the road without the purpose of extending it in the near future.

THE NEWS OF HAWTHORN.

Painful Accident to Mr. Moore—Cotton Season Will Soon be On.

Hawthorn, August 9.—W. S Moore, proprietor of the Commercial Hotel, has returned from Utah, where he went several weeks ago to purchase a farm in the celebrated Bay River Valley. Mr. Moore is more than pleased with the West and expect to maks it his future home.

While returning he met with quite a severe accident near Memphis. He was sitting in a passenger coach when some one hurled a rock, striking him on the forehead.

Johnson & Smith, ginners, are making repairs on their building preparatory to the opening of the cotton season, which will be on in full blast by the middle of next week.

Road Overseer Waits, who is constructing a mile of hard road leading north from Hawthorn, has been delayed by the recent heavy rains. It is the intention of the citizens of this section to have clay roads in all directions.

Fishing was never better in the several lakes near Hawthorn. Messrs. Adkins and Boone were out for an hour Friday and succeeded in landing forty pounds of trout with the bob.

The success of the Summer Normal conducted by Prof. Overholtz is certainly gratifying. It is very likely that a normal will be held here each summer, as the school building is one of the best in the county, besides the best of accommodations offered the young ladies and gentlemen.

Mrs. F. J. Hammond and daughter, Myrtle, are spending the month on the mountains of Virginia.

Ralph McRae is spending the week with his aunt, Mrs. H. von Luttichau at Earleton.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

THE DOG DAY QUESTION

It is the Subject of Diversified Opinion as Regards Season.

A friend and subscriber of The Sun who states that he and others have been engaged in a "heated argument" over the dog day season, and that opinions were greatly diversified This gentleman sought a reliable encyclopedia to help him out of the predicament, and convinced his opponents that he was correct as to the season, which is the same every year.

Inasmuch as the dog days are now in and many will be interested the following authority will settle the question:

"Dog-days—The hot, sultry season of summer during parts of July and August; from the fact that the rising of the dog star, Sirius, is during that period coincident with the rising of the sun. This season is from July 15 to August 25 each year."

Cures Sciatica.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

RESOLUTIONS OF CONDOLENCE

On the Death of General Robert Bullock of Ocala.

At a meeting of Kirby Smith Chapter, No. 202, United Daughters of the Confederacy, the following preamble and resolutions on the death of General Robert Bullock of Ocala, were unanimously adopted:

"Whereas, It has pleased the Divine Ruler of the universe to place His hand on one of the noblest of men, a brave and gallant officer, Gen. Robert Bullock, and place him alongside the chosen ones on high; therefore, be it

Will Go to Seagirt.

Lieutenant J. W. Blanding and Sergeant W. O. Morris of the Gainesville Guards will represent their Company and Gainesville at the National Guard shoot, which is to be held at Seagirt beginning August 22.

Messrs. Blanding and Morris are to be complimented, since both made a very high average at the competitive shoot at St. Augustine, in which they met a number of the crack marksmen of the Florida State Troops on Thursday. They were members of the Florida delegation at Fort Riley last year, making fine scores.

The Guards are to be congratulated upon securing recognition from the Florida State Troops for two years in succession, but the honors are deserved.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. CITY WILL BOND FOR $110,000 FOR NEEDED PUBLIC IMPROVEMENTS

Mayor Thomas Vetoed Bill Providing for Sewerage Alone.

WANTED OTHER IMPROVEMENTS

Explained His Veto and Stated in Person That City Was Now on Verge of Prosperity and Needs Improvements in Other Ways—New Ordinance.

The municipal legislature, in accordance with the order of Monday evening, met in recess session Tuesday night, at which a number of ordinances were presented and read, one of which by waiving of the rules was passed and would have become a law with the approval of the mayor.

This ordinance was an ordinance introduced by Alderman Taylor, and provided for the calling of an election for bonds in the amount of $50,000 for the purpose of constructing a complete system of sewerage, and to provide for a board of bond trustees. The colleagues of Alderman Taylor evidently realized that it was the proper thing, and it passed its first reading with an ease akin to a boy at a county fair sliding down a greasy pole. The result was that the rules were waived and the ordinance was passed to its second and third readings, and was adopted; but when presented for the signature of Mayor Thomas there was a lull in the proceedings—not because of the mayor's adversity to the law, but because of the fact that he was not of the opinion that it was sufficiently broad. The instrument was vetoed, and the reasons are given below:

The Mayor's Reasons.

"To the Honorable President and Members of the City Council of Gainesville, Florida.

"Gentlemen: I beg to return you herewith, without my approval, an ordinance entitled 'An Ordinance Providing for the Issuance of Bonds under the Provision of an Act of the Legislature of Florida, entitled 'A Bill to be entitled An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of These Powers,'' the object and purpose of which is to provide for the calling of an election submitting to the qualified voters of the city of Gainesville the propositions of bonding for the sum of $50,000 for the purpose of constructing a sewerage system in said city and the election of a board of public works to have charge of all funds arising from bond sales and the construction of all public works.

"On Tuesday the qualified electors of this city approved the issuance of $50,000 of bonds for educational purposes, which represents this city's donation to the University of Florida shortly to be constructed in our city.

"In this ordinance you provide for the issuance of another $50,000 in bonds to be used for the purpose of constructing sewerage. From neither of these two sources will you derive any material profit. From the former there will be none; from the latter but little, since the primary object of sewerage is public health, the acquirement of which entails upon the city the same duty and expense on behalf of the poor as well as the wealthy property holders. No matter how economically administered, no sewerage system can ever pay its operating expenses—of the proof of which I am sure there can be no doubt.

"I find, therefore, that you contemplate the issuance of $100,000 in bonds, the payment of which must be derived solely from the taxation of city property.

"It occurs to me that in the issuance of bonds for public utilities a due regard should always be had for the most available method of meeting the indebtedness whereby the lightest possible burdens might be imposed upon the tax-payer.

Municipal Lighting.

"With this idea in view I recommend that you incorporate in your proposition of bonding for sewerage purposes, the issuance of an amount of bonds over and above that necessary for the construction of a sewerage plant sufficient for the purchase, or erection, of an electric light plant for the city.

"Aside from the fact that every municipality should own its lighting plant, deriving therefrom not only the benefit of good service and cheap lights, but also the revenues that flow therefrom, in the present instance by taking this step you will acquire a public utility which will not only pay for itself, but will produce a revenue to enable you to meet the indebtedness of the bond issue for educational and sewerage purposes. By this means, you will relieve the tax-payers of a large portion of the expense incident to the redemption of the bonds to be issued by you for the two purposes above named.

A Profitable Investment.

"From investigations I have made, I am well satisfied of the fact that an electric light plant in the city of Gainesville at this time will produce a net profit of about $12,000.

"Eliminating from consideration the cost of an electric light plant, and estimating that your sewerage system will cost you $50,000, we find that upon the $100,000 bonded indebtedness, an electric light plant, after paying the interest of $5,000 per annum upon this sum, will leave you a sinking fund of about $7,000 per year—sufficient to liquidate this bonded indebtedness in a period of a little less than fifteen years.

"In view of the fact that you contemplate a portion of the sewerage bonds running for a period of thirty-five years, it is easy to be seen that the revenues of an electric light plant, without considering the extension of its business by reason of the growth of the city in future years, will easily pay the $100,000 bonded indebtedness you now contemplate, together with its own cost, in a period much shorter than that for which you intend these bonds to run.

"In my judgment the proposed ordinance should make provision for the purchase, or construction, of an electric light plant, as well as the construction of a sewerage system, and because of that I return you the ordinance with my veto.

"Very respectfully,
"W. R. THOMAS, Mayor."

Bond Was Increased.

After receiving the vetoed ordinance, the council passed another ordinance increasing the amount to $110,000, and adding the purchase of the electric light and gas plants, or the building of new plants, and paving of streets. The ordinance provided $50,000 for sewerage system, $50,000 for the purchase of the present plants or the construction of others, and $10,000 for street paving. All the councilmen were present with the exception of Chairman Broome, who is absent from the city, and Alderman Wittstock, who is indisposed. It was the unanimous vote of the council, as it was deemed the proper step towards advancement.

Mayor Thomas was present at this meeting and explained his reason for vetoing the ordinance for sewerage alone, because he realized that the other improvements, which could be secured under the same ordinance, would be as easily secured without the expense or trouble of conducting other elections.

The ordinance as passed Wednesday night provides $110,000, proportioned as follows: $30,000 payable in fifteen years; $40,000 payable in twenty-five years; $40,000 payable in thirty-five years, at the office of the treasurer of the city of Gainesville.

This is the most important step ever taken by the city, and the mayor and council are to be commended for their energy.

NEW FORM OF INSURANCE.

The Mutual Life Industrial Association is a Good Thing.

The Mutual Life Industrial Association of Georgia has an advertisement in this issue which it will certainly pay prospective purchasers of life insurance to read carefully and consider. It is a revelation in life insurance, insuring holders of a Mutual Industrial policy at less than one-fifth of the rate charged by the old-line company, and affording an equal guarantee to the beneficiaries at time of death.

This company was formed under the laws of the State of Georgia, and, as its name indicates, is mutual and fair to all policy holders. It is a company where every policy holder stands on an equal footing, where the affairs of the company are handled and controlled by local officers, and a plan which, while cheap, does not fail. While it is true there are advertising twenty-year tontine inducements tagged to the policy, it is a plain, straight, honest business-like proposition to any man of moderate means who desires to protect his family in case of death, and a plan which is every day meeting more universal approval.

A number of the best and most conservative business men in the city are directing the affairs of the Alachua Division of this Association, of which B. B. Hopson is manager, and it will at least interest our readers to note the extraordinary inducements offered.

"I took Peruna for a worn-out condition. I was so run down that I could not sleep at night, had no appetite and felt tired in the morning.

"I tried many tonics, but Peruna was the only thing which helped me in the least. After I had taken but a half bottle I felt much better. I continued its use for three weeks and I was completely restored to health, and was able to take up my studies which I had been forced to drop. A. ENDEL'S MISFORTUNE.

Fire Caused a Great Deal of Damage to His Stock in Jacksonville.

The following, taken from The Times-Union of the 8th inst., will prove of interest to readers of The Sun, since the store in question is owned exclusively by Albert M. Endel, for many years a resident and business man of this city. At the time of the fire Mr. Endel was absent, having sailed on the Clyde steamer the day before for New York. The news will be a surprise to him upon reaching his Northern destination. The Times-Union says:

"Fire which started from a fire-pot in the upstairs portion of Endel, Kidwell & Sheridan's tailoring and gents' furnishing store, 129 West Bay street, at 6:45 o'clock yesterday morning, badly damaged the building and stock therein.

"An alarm was sent in from Box 14, corner of Bay and Hogan streets, and the firemen did excellent work in saving the property and stock. Quite a lot of the goods in the store was badly damaged, but the exact loss from the fire could not be ascertained.

"The fire ate its way through the floor of the upstairs portion of the store and fell through to the lower floor. The firemen had quite a job in extinguishing the fire."

LETTER FROM ELMER WHITE.

He Congratulates Gainesville on Securing the University.

Every old citizen of Gainesville will remember E. J. White, engaged in the newspaper business with the present editor of The Sun for several years up to July, 1888, and who has since been residing in Yukon Territory. In a recent letter to Senator McCreary he shows that though in the shadow of the North Pole he still feels interested in Gainesville, as does every one who ever lived in this city. Mr. White writes:

"White Horse, Y. T., July 25, 1905.

I have just read in The Sun of the 1st instant that Gainesville has been accorded the State University, and although away up here in the shadow of the North Pole, I wish to express my gratification.

"Things are at last coming my way, at least they show symptoms of being about ready to start my way. I have only seventeen pounds more to gain to reach the two hundred mark.

"My family went to the States late and will visit the Portland Exposition, but I have not been south of Juneau, Alaska, for seven years. I will probably, however, hit for God's country next year."

Mr. White's old friends hope he will visit Gainesville soon, for they would like to see what he looks like as a two hundred pounder.

There has been some alarm expressed that our schools in the larger cities were in danger of losing their high standard by having teachers appointed through political influence. But the danger is not threatening many localities. The teacher who devotes from 12 to 16 years fitting him or herself for their work, and then draws the munificent salary of $300 a year, can't have quite so much of a pull after all, while the man who sweeps the streets has no trouble to get nearly twice that amount. It is too bad that our teachers have not more of a "pull."

VAGRANCY LAW.

The law passed by the last Legislature relating to vagrants, amending sections 2642 and 2643 of the revised statutes, certainly covers the ground pretty thoroughly. The amendment to section 2642 reads as follows:

"Section 2642. Commitment.—Rogues and vagabonds, idle and dissolute persons who go about begging, common gamblers, persons who use juggling or unlawful games or plays, common pipers and fiddlers, common drunkards, common night-walkers, thieves, pilferers, traders in stolen property, lewd, wanton and lascivious persons in speech or behavior, keepers of gambling places, common railers and brawlers, persons who neglect their calling or employment, and misspend what they earn, and do not provide for themselves or for the support of their families, persons wandering from place to place able to work and who are without means, and who neglect to earn their support and live by pilfering or begging, idle and disorderly persons including therein those who neglect all lawful business and habitually misspend their time by frequenting houses of ill fame, gaming houses or tippling shops, persons able to work but who are habitually idle and live upon the earnings of their wives or minor children, and all able-bodied male persons over 18 years of age who are without means of support, and whose parents or guardians are unable to support them, and who are not usually in attendance upon some school or educational establishment, but who live in habitual idleness, are declared to be vagrants, and upon conviction shall be subject to the penalty provided in section 2643."

Section 2643, as amended, reads as follows:

"Section 2643 —Arrest without written warrant.—Upon proper information made upon oath before an officer authorized to act in such cases, he shall issue his warrant for the arrest of any person therin named or described who is charged therein with being a vagrant under any of the provisions of the foregoing section, and such a warrant shall be executed by any sheriff, constable, policeman, or by a private person duly authorized thereto by the officer issuing such warrant. But any sheriff, constable, policeman, or other lawful officer may arrest any vagrant described in the foregoing section, without a warrant, in case the delay in procuring one would probably enable such alleged vagrant to escape arrest. Any person so arrested by virtue of a warrant or without a warrant, shall be given a speedy trial, and upon conviction shall be fined not exceeding two hundred and fifty dollars, or by imprisonment not more than six months."

This act was approved May 29th, 1905, and it certainly covers the ground pretty thoroughly.

YELLOW FEVER.

With the government in charge at New Orleans and a strict quarantine where it is deemed necessary, it is almost certain that Yellow Jack will have to capitulate before the ides of November, as everything is being done at the source of the trouble in this country to stamp it out as soon as possible. The people at New Orleans are confident that the government has the power, and when this becomes impressed on their minds, half the trouble is averted.

In Tampa, where the one case has been handled with such system and thoroughness, Dr. Porter gave the people to understand that he was determined to stop the spread of the fever, and by the most persistent work he and his able assistants became masters of the situation. Knowledge of what they had in hand helped them to grasp the situation, and the people of that city now have faith in Dr. Porter and can always be found ready to do as directed by him, should another such emergency arise.

Dr. Bartlett and President Hendry of the State Board of Health, and the entire board, for that matter, are deserving of the people's respect, and it is refreshing to know that this important board is composed of men who work for the best interests of the people of the State of Florida.

It is too bad the political scapegoat industry is not included in the investigation of the agricultural report. However, it may be mentioned in the beef trust investigation.

New Orleans can now expect to get a thorough renovating that will remind her of the days of Gen. Benjamin Butler, when he drove Yellow Jack out of that city.

JUDGE BELL OF MARION.

Governor Broward's appointment of Joseph Bell of Ocala as county judge for Marion county has stirred up a veritable bald-hornet's nest in that section among the supporters of the Governor. The Ocala Banner says, in a lengthy article:

"Mr John T. Lewis and his friends were Governor Broward's best friends in this county in the gubernatorial primary election. They worked for him with a faith that was admirable, if not heroic. At their own expense they distributed his literature and went from place to place singing his praises and arousing enthusiasm for him.

"Mr Lewis was a candidate for the office of county judge made vacant by the death of the lamented General Bullock. He had letters and telegrams in his pocket from Gov. Broward and Mr. Stockton and also oral statements from friends who had seen Governor Broward in person saying that the Governor was anxious to appoint him to the place and would do so if he secured the endorsement of the Democratic Executive Committee, and that he would not make an appointment until the committee made an endorsement."

Governor Broward now gives the following as his reasons for appointing Bell:

"In the first place I appointed the man who had the best recommendations for the position. There were twelve applicants for the position, and Mr. Bell seemed to have the best recommendations. I do not know Mr. Bell personally, but he was born in Marion county, is a reputable lawyer, and appears to be a gentleman of the highest standing in his profession and among his people.

"So far as the executive committee is concerned, the committee was called together and I was informed by wire that there was not a quorum present. They stated in the telegram that they would make another effort to meet next Thursday. I did not know whether or not they would fail to meet next Thursday, and as I wanted to get off for a few days, I appointed the man who had the best recommendations for the place. I acted because I though that the office was of such importance that it ought to be filled as soon as practical at least."

There is plenty of room at the top, as the fellow said when he ascended the gallows. But he also discovered that there were pitfalls to catch the unwary.

Heart Weakness.

Dr. Miles' Heart Cure has made many hearts well after they have been pronounced hopeless. It has completely cured thousands, and will almost invariably cure or benefit every case of heart disease.

Short breath, pain around heart, palpitation, fluttering, dizzy, fainting and smothering spells should not be neglected. Take Dr. Miles' Heart Cure and see how quick you will be relieved.

It cannot make a new heart, but will restore a sick one by strengthening the heart nerves and muscles, relieving the unnatural strain, and restoring its vitality.

"I had a very bad case of heart trouble. For six months I could not work. Last July I was plowing corn and feeling bad all day; in the afternoon in plowing one row I had to lay down, or fall down, three times. My heart throbbed as though it would burst through, and I had difficulty in getting my breath. I purchased a bottle of Dr. Miles' Heart Cure, and before I had used half of it I could lay down and sleep all night. Previously I had to get up from five to ten times a night. I have taken several bottles, and my heart is as regular as clock work. I feel like a new man, and can work considerable for an old man, 84½ years old."

The University of Florida course of study will be equal to any of the State schools of the South, and each year it will make advances along these lines that will place it on a par with any of the universities of this country. President Sledd is doing everything in his power to draw to the University the ablest and most modern instructors to compose the faculty. When you go to the polls to vote, bear in mind that the carrying of the educational bond election today will place in our midst an institution of learning of which we may all be proud.

The jury in the Sanford-Wright shooting at Rome, Ga., demanded a fresh charge from the judge. They may have been a little premature in their demands, but evidently wanted something out of the ordinary.

It seems that there ought to be no trouble over a peace treaty. All that is wanting, it is claimed, is to satisfy Russia's ideas of "honor."

The insurance companies were the ones who used to talk of taking "risks." Now the man who has the policy thinks he is taking the risk.

Generally the fellow that talks most thinks everybody else are great talkers.

The eyes of the world are on Portsmouth, N. H., at present.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

St. Augustine is to have a new steam laundry to cost $10,000.

The new church now being built by the Methodists of St. Petersburg will cost $4,500.

Wildwood, Sumter county, is to have a weekly paper. Geo. F. Adams will be the owner and editor.

Sumterville has an axe handle factory that will turn out over 300 straight or crooked handles a day.

State Chemist R. E. Rose has been reappointed by Governor Broward. He has made a careful official.

B. H. Barton, former deputy clerk of Escambia county, has been sentenced to eight years in the penitentiary for forgery.

The Fort Pierce Improvement Club has a capital of $4,000 and will endeavor to increase the amount in a short time.

Governor Broward and family will spend two months at Hot Springs, Ark., and other resorts for rest and recuperation.

Fort Brooke objects to being swallowed to make a Greater Tampa and habeas corpus proceedings will be begun at once to forbid the bans.

A new concern, to be called the Florida Lithographing Company, has been organized in Jacksonville. J. A. Holloman, it is said, will be president of the new concern.

The trial of William F. Dansby, the Pensacola murderer, is expected to come up this week. Much interest is manifested in the line of defense his lawyers will adopt.

R. L. Durrance, executive clerk in the State Board of Health office at Jacksonville, died suddenly in that town on Monday of appendicitis. He was taken ill on Friday.

Governor Broward on Saturday appointed Mr. Joseph Bell, a well known young lawyer of Ocala, county judge for Marion county, to fill the vacancy caused by the death of General Robert Bullock.

Tampa cigar factories shipped 4,350,000 cigars during the week ending July 29. This makes a total of 119,800,000 so far this year, exceeding the figures, for the same period last year by 18,505,000 cigars.

The True Democrat of Tallahassee received a vote of thanks from the hundred or more ladies who presented the petition to the Pardon Board in the case of Will Taylor, for the aid that paper gave them.

David Mitchell, the "Black Kid" who got his necktie party at the Bradford county jail postponed by Gov. Broward a few weeks ago on account of working the insanity dodge, has been declared sane and may yet give the mid-air dance.

W. H. Latimer has a grapefruit tree in his yard that is in heavy bloom. On the tree was a cluster of large and well matured fruit from September bloom and a large number from the March bloom and blossoms of July. The sight makes one think of old times in Florida.—Tavares Herald.

The ten-year-old son of L. A. Hall, living near Finger's saw mill at Sparling Station, was seriously injured Thursday about noon by getting caught in the machinery in the mill building. Both legs were broken and his arms bruised. He had carried dinner to some of the mill hands. It is thought he may recover.—Lakeland News.

Col. G. W. Rines, one of our most successful poultry raisers, was in town Monday with a supply of fresh eggs. Col Rines thinks that the poultry business is the most profitable for the capital invested of any business in this section. He informs us that he has seventy laying hens and three hundred young chickens, and that in the right season he brings to town between fifteen and twenty-five dozen eggs a week.—Apopka Citizen.

A Palatka girl, says The Times-Herald, gets up in the morning, eats breakfast which her mother prepared, goes up stairs and takes care of her room and then goes down town, sometimes taking two hours to buy a spool of thread. She eats dinner which her mother has prepared, wears clothes her mother has made, spends the afternood reading old, silly love novels or gadding about with her friends, eats supper her mother has prepared and spends the evening with her dear friends. She has done nothing wicked all day and her mother is satisfied that she is bringing her up right.

Editor Avery G. Powell of The Lake Butler Star has a unique way of tiding himself and paper through the dull summer months. He is a writer of popular songs and has put a number on the market this year. He says that composing pays better than newspaper work and that he is going to branch off into this work entirely in the near future. Among his latest compositions are: "The Return of the Flags," "I Won Her Heart With My Automobile" and "My Sweetheart From Mars." These songs are now being published in New York and we have no doubt but they will net Mr. Powell a neat little sum.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

HAD A CLOSE CALL.

Citizen of Grove Park and Two Oxen Knocked Down by Lightning.

Sam F. Silcox, a well known citizen of Grove Park, had a narrow escape from death during the recent thunder and lightning storm which passed over that section.

Mr. Silcox was driving a double yoke of oxen to his home when a tree within five feet of him was struck. Mr. Silcox was knocked from his wagon and the two leading oxen were felled. Mr. Silcox recovered quickly and saved his oxen from breaking their necks.

A noticeable fact is that it is impossible to drive the oxen by the tree since their escape.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it keeps the child

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

BELL BREVITIES.

Prosperous School—Cotton Notes. Personal Business Paragraphs.

Bell, Fla. Aug. 8.—The weather continues to be warm and sultry.

R. Lancaster, one of our prosperous merchants, left town yesterday en route for Gainesville and other points on business.

Mrs. R. F. Lewis has again returned home after a two weeks' visit to see her sick mother, Mrs. Shaw, at Alachua.

Messrs. W. A. Lindsey and R. M. Parkinson of Jennings Lake were in town yesterday on business.

The farmers of this section are again busy, the fleecy staple having attracted their attention with its snowy looks.

The first seed cotton of the season was marketed at Bell about one week ago at the price of four cents per pound and was purchased by J. A. Ward.

S. O. Barron, our generous ginner, is enlarging his ginnery for the purpose of accommodating his patrons the incoming season.

The public school at Bell is now enjoying one of its most prosperous terms, under the supervision of Prof. J. C. Adkins as principal, and Miss Belle Lindsey as assistant.

The regular meeting of Suwannee Lodge No. 32, I. O. O. F., last Saturday evening, was a very interesting meeting, nearly the full roll of members being present.

The home of Mr. and Mrs. W. J. T. Hodge of Bell was visited last Wednesday evening by an eight-pound son. Mother and son are doing well, while Grandpa W. E. is constantly seen on the streets with a big smile on his face.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Death of Mrs. Johnson.

Information has been received in this city of the death of Mrs. M. L. Johnson, which occurred at the home of her brother near Mayo recently. Deceased was well known in this city, where she resided for some time. She has been in ill health for several months, and about two weeks ago her brother came for her, taking her to his home. Sympathy is extended to the family.

Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

HERBINE
TRADE MARK

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

ALACHUA DIVISION

...OF...

THE MUTUAL LIFE INDUSTRIAL ASSOCIATION

OF GEORGIA.

If YOU Have Not a POLICY IN THIS COMPANY, WHY NOT?

It gives protection at actual cost. Local men manage it and prevent any possibility of fraud. It is insurance at actual cost and money kept at home. Its source and origin, purpose and end, is Mutual and Co-operative Help—one thousand persons banded together to INSURE each other AT COST.

For a policy in the ALACHUA DIVISION OF THE MUTUAL LIFE ASSOCIATION of Georgia. Average cost to Policy Holders last year, $5.49 on a $1,000 policy. Forty-seven Divisions now running. $24,800,000.00 Insurance in force—now writing more than three millions of dollars a month. Only one thousand members allowed in one division and policy limited to $1,000. Open to men and women. Initiation fee payable when application is made.

At ages from 16 to 30 Class A.....$3 00
At ages from 30 to 40 Class B.....4 00
At ages from 40 to 50 Class C.....5 00
At ages from 50 to 60 Class D.....6 00

These amounts are paid only one time. One year from the date of the policy, and annually thereafter.

The annual dues are Class A.....$ 75
The annual dues are Class B.....1 00
The annual dues are Class C.....1 25
The annual dues are Class D.....1 50

Whenever a death occurs in a division, each member is called upon to pay a death premium of $1.15. According to the sworn statement of the Company made to the Comptroller General January 1st, 1905, the average cost to the policy holders of Georgia last year to carry a $1,000 policy was $5.49.

Paid beneficiaries during the year 1904, $64,000.00.

$3,321,000.00 of business written in May, 1905.

Mortuary rate last year 3 1-10 per 1,000 policy holders—year before, 3 3-10 per 1,000 policy holders.

EXPERIENCE OF A POLICY-HOLDER IN THE CLARKE COUNTY DIVISION.

This division was organized four years ago; in the whole of that time there have only been fifteen deaths in that division, which is full and consists of a thousand members, an average of 3 3-4 deaths a year. These are facts.

Let us see what has been the actual cost of a thousand dollars insurance of a member of the Clarke county division who has been in it for the last four years, and who was between the ages of forty and fifty, Class C. His initiation fee was $5.00, 15 death assessments $1.15 each, $17.25. There has been three annual dues $1.25 each, total $22.25 for four years insurance, or an average of $5.83 to carry a thousand dollars insurance for a year, between the age of forty and fifty. A member who is under that age has paid a similar amount. In an old line or stock company, at the same age, would have cost these members $48.48 per annum. Is there any sense in paying $48.48 for the same thing that you get for $5.83 and just as good, and just as safe?

What One of Georgia's Greatest Men Has to Say About the "Mutual Life of Georgia."

ATHENS, GA., March 27, 1905.

MR. JOHN A. DARWIN, Secretary and Treasurer, Athens, Ga.

Dear Sir: After making a careful study of the plan of "The Mutual Life Industrial Association of Georgia," I have taken out a policy in it and consider it the most complete solution of life insurance I have ever seen.

I have insurance in old-line and assessment companies and I have decided that "The Mutual Life" is as safe and at the same time lower in cost than any of them.

Yours very truly, HOWELL COBB.

Received through Mr. L. A. House, Secretary and Treasurer, $1,000 from "The Mutual Life of Georgia," Home Office, Athens, Ga., as beneficiary under Policy No. 4313, in the Windsor Division. This had only cost my husband $9.90 for nearly two years. The money was paid me in 24 hours after his death. I beg all women in Georgia to insist on their husbands to take a policy in the Athens Company. (MRS.) EMMA J. BAKER.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

Ladies' calling cards in latest styles at Sun office.

First-class buggy painting done at C. C. Pedrick's.

John Sylvester of Hague was trading in the city yesterday.

Born, to Dr. and Mrs. J. L. Cloud, a few days recently, a fine boy.

Try one of my hand-made buggies. All guaranteed. C. C. Pedrick.

Chas. Evans of Island Grove was a business visitor to this city yesterday.

A. E. Summers, merchant of High Springs, was a business visitor to this city yesterday.

Mrs. J. B. Hester of Micanopy was in the city yesterday, and spent the day with relatives.

Get your job printing at The Sun job office and you can vote for your favorite in the library contest.

Charles E. Haile of Alachua has returned to his home, after a pleasant visit to relatives in this city.

Charles Hodge of Alachua was in the city yesterday. Mr. Hodge says he is not only looking well but doing well.

Mr. and Mrs. J. H. Morton of 406 West Orange street are rejoicing over the arrival of a fine son at their home.

B. F. Minton, an extensive crosstie contractor of Orange Heights, was transacting business in this city yesterday.

Dr. Thomas McLeod has returned from a pleasant visit to Mount Vernon, Ga., and is again looking after his professional business at Newberry.

S. W. Slaughter of Alachua was a visitor to the city yesterday, and called at The Sun office and had his name enrolled upon the subscription list.

Miss Marie Richardson arrived in the city yesterday from her home at Wade and will enter the Normal today. She will teach the Arredondo school the coming term.

Miss Jessie McDonell of Williston, who has been here for the past few days as the guest of her aunt, Mrs. Robert Wixson, has gone to High Springs on a visit to friends.

Messrs. A. J. Witt of Bland and W. P. Witt of Lake City were in the city yesterday and paid The Sun an agreeable call, the former renewing his subscription. He reports plenty of rain in his section during the past few days.

At a meeting of the Twentieth Century Club Monday, August 7th, the following motion was unanimously carried: Moved, That the Twentieth Century Club has decided to withdraw from the library contest and wishes to express its thanks to the friends who have so generously supported it."

Col. and Mrs. W. W. Hampton and sons Fred and Edwin, and Earle Taylor left yesterday for New York, from that city Col. Hampton and family will proceed to Canada, while Master Earle will go for a visit to his grandmother Mrs. S. J. Higgins, at Somers, N. J. Friends wish them a pleasant sojourn.

Victor Wenski, who owns valuable property on East Gainesville, proposes building a couple of nice residences in the near future and also to make other improvements, among which will be the enlarging of the home in which he is now residing. In fact, work has already begun on this home. Four rooms will be added, which will double the present size. Work will begin on the buildings as soon as the material can be secured.

An alarm of fire was turned in from the corner West Court and North Pleasant streets, at 1 o'clock Monday morning, and the department responded with its usual promptness. The alarm was false, however, and the run was for nothing. The practice of turning in false fire alarms is a serious violation of the law, and Mayor Thomas declares he will punish offenders to the fullest extent of the ordinance. It not only causes inconvenience to the fire department, but endangers other property, as a genuine alarm may occur while the department is answering a false alarm.

From Wednesday's Daily Sun:

John Videon of Archer was a business visitor to this city yesterday.

Clarence Camp has returned to his home in Ocala, after a business trip to this city.

Dr. E. B. Howell and Deputy Sheriff G. W. Livingston of Newberry were visitors in this city yesterday.

Ira J. Carter, the merchant of Newberry, has been in the city for the past two days as the guest of relatives.

Hon. R. B. Weeks of Hawthorn, chairman of the school board, was a business visitor to this city yesterday.

George Cloversettle of Micanopy was in town yesterday and made The Sun an agreeable call, renewing his subscription for two years.

N. A. Matthews, a progressive citizen of Campville, was in the city yesterday. He called at The Sun office and renewed his subscription.

A. Ford and Mrs. H. A. Ford and daughter, Miss Lila, have gone to the mountains of North Carolina, where they will sojourn for a few weeks.

Misses Ida McDonald and Cornie Daughtrey, two charming young ladies of Rocky Point, are in the city, guests of Mrs. J. W. Alsop, 501 N. Garden street.

Geo. W. Hawthorn of Hawthorn, J. A. Goodson of Melrose, E. G. Spencer of Alachua and Benjamin Williams of Trenton were among the visitors to this city yesterday.

Lee Gooy, who has been conducting a laundry at Ocala, has opened a Chinese laundry at 225 West Main street, South, next door to Perrett's plumbing shop. This is the only Chinese laundry in the city.

J. M. Spivey of South Gainesville has gone on a visit to his old home in Eastern North Carolina. He has not been home for nineteen years and has been looking forward to a renewal of old acquaintances of the sixties for a long time.

Fred H. Ford and daughter, Miss May, departed Monday for their old home near Cincinnati, Ohio, where they will spend a vacation. The former expects to return within three weeks, but Miss Ford will remain until early fall.

After a pleasant trip to his old home, Providence, R. I., Harvey P. Robinson has returned. He reports that his uncle, Hon. W. G. Robinson, who is now in Providence, is not enjoying the best of health. This information will be received by friends of Col. Robinson with regret.

Geo. W. Daniels, who has been superintendent of the Cypress Company operating in the neighborhood of Fairbanks for some time, was in the city yesterday and made this office a pleasant call. His numerous friends will regret to learn that he will return to North Carolina, where he will permanently locate.

A. T. Duran of Archer was among the visitors to Gainesville yesterday. Mr. Duran says a great deal of rain has fallen in his section during the past two weeks, but that they are short on the rainfall for the past two years, and it will take considerable more for that section to catch up with the average reported to have fallen in other neighborhoods.

Rev. S. B. Rogers returned yesterday from Tallahassee, where he was called a few days ago on account of the sad accident to his little son, Malbra, a heavily loaded wagon having passed over his body after he had been thrown from the vehicle. Notwithstanding that the little patient is yet in a bad condition, friends will be gratified to learn that the chances are excellent for his recovery. It was a miracle that the child escaped instant death.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with kidney trouble as being the best remedy we ever sold. Yours truly, J. R. YOUNG

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Dr. J. L. Kelley, superintendent of schools, is one of the most systematic and up-to date officials in the State, and believes in keeping everything in a neat and systematic manner. The latest acquisition to his office is a special ruled combination plat and account book of his own pattern. The book contains 200 pages, the first fifty pages being ruled into township plats for describing meets and bounds, while a portion of the bottom of the page is devoted to a description of the property. The remainder of the book is ordinary ledger ruling for the keeping of the various school accounts. The plats are to be used in designating the special sub-school districts.

From Thursday's Daily Sun:

Bruce Zetrouer of Rochelle was in the city yesterday.

Fine carriage and buggy painting and trimming at C. C. Pedrick's.

C. W. Wells of Alachua was among the visitors to this city yesterday.

Mrs. John Quinlan of High Springs was shopping in the city yesterday.

Burrell Wiggins of Hague was a visitor to the county capital yesterday.

T. R. Pickett of Newberry was among the business visitors to Gainesville yesterday.

Charles Lancaster of Bell, of the firm of Lancaster & Fletcher, merchants, was a visitor to this city yesterday.

G. B. Crosby of Island Grove was in the city yesterday, and made The Sun an agreeable call, renewing his subscription.

Captain S. C. Tucker has gone to Rutledge, where he will be the guest of his friend, J. S. Bailey, for the next two or three days.

W. J. Hodge of Alachua, one of the most progressive citizens and farmers of that section, was transacting business in this city yesterday.

G. W. Maines, W. H. Gurney and W. A. Sparks, three prominent farmers of Monteocha, were among those who made the county capital a visit yesterday.

J. S. Hardee of Fannin was in the city yesterday, and called at The Sun office. He is in the employ of P. L. Tison & Co., in their mercantile establishment.

Mrs. J. S. Goode and charming daughters, Misses Addie and Lovie, have returned from a pleasant visit to friends and relatives in Owensboro and other points in Kentucky.

Mrs. Geo. F. McDonald of Williston was in the city for a few hours yesterday. She was en route home from Hague, where she has been on a visit to friends for the past few days.

George McRae left yesterday for Reddick, where he will visit friends and relatives for a few days. Mr. McRae has been slightly indisposed, but it is hoped the recreation will be a benefit to him.

Prof. G. F. Oliphant, who was a member of East Florida Seminary faculty last year as professor of philosophy, has accepted the chair of mathematics at Rollins College. Professor Oliphant is a well known Georgia educator, having held several responsible positions, and will add strength to the forces at Rollins.

Sheriff L. W. Fennell and Attorney J. M. Rivers are in Rex, where they went to conduct the sale of the estate of J. J. Godwin, deceased, in which Mrs. J. J. Godwin, the widow, was administratrix. The property comprises a good saw mill of about 5,000 capacity per day, with valuable farming lands, buildings, personal effects, etc. It was not learned who was the purchaser.

H. J. Kluthe of Jacksonville, an architect of note, is in the city, having come to look over the University grounds preparatory to suggesting plans before the meeting of the joint boards at Jacksonville on the 14th inst., when bids and specifications and plans for the erection of the University buildings will be received. Mr. Kluthe has furnished the plans and superintended the work of many of the finest buildings in Jacksonville, including the Carnegie Library building, which is the only fire-proof building in the State.

W. A. Strickland of Paradise and J. A. J. and C. C. Strickland of Hague were among the visitors to this city yesterday. W. A. Strickland and family have just returned from Worthington Springs, where they have been recuperating. They were compelled to leave, however, because the spring was overflowed by the recent heavy rains. The bridge over the Santa Fe river, Mr. Strickland states, was badly damaged, and passengers were a little cautious in crossing the same. The spring is rapidly going down, and will be as its normal [illegible] a few days.

A party composed of fifteen sportsmen decided to take a hunt early yesterday morning, and succeeded in killing 275 doves within a short distance west of the city in less than two hours. This was a remarkable record. The doves are plentiful in that section now, and it is no trouble to slay them by the score. It is a great sport for those who love to hunt, besides serving the table with a nice delicacy. Among those in the party were J. M. Dell, Dr. J. H. Alderman, J. H. Truby, S. V. Duke and others. Dr. Alderman bagged the greatest number, 37, with Messrs. Dell and Truby close seconds.

SOME SNAP SHOTS

From the Thriving Suburb of North Gainesville—Personal Mention.

Charles Fisher, who has been visiting his parents, has returned to Tampa, where he is engaged in bricklaying.

John Crouch has gone to Daytona to recuperate for a few days.

Miss Susie Fisher has returned from a pleasant visit to friends and relatives at Lakeland.

Mrs. R. T. Schafer and daughters, Helen and Lucretia, departed yesterday for Port Orange on the East Coast, where they will be the guests of Mr. and Mrs. George Morford for the next few weeks.

The young people of our progressive burg enjoyed an old-fashioned dance at the residence of J. I. Prevatt on Tuesday evening, many from the city being present. Delightful refreshments were served during the evening, and all report a most delightful and enjoyable time.

Phillip Dampier has accepted a temporary position with the Keystone Bakery.

R. T. Schafer, our enterprising and progressive baker, has a new sign suspended in front of his bakery. It is a neat piece of work and was executed by the artistic sign writer, N. E. Benson.

G. B. Crawford, who recently purchased a part of the tobacco farm, is driving a well on same and contemplates making other improvements.

A'bert Weber, who resides in the Palmer cottage, Michigan avenue, sailed Saturday on the steamer Apache, Clyde Line, for New York and points in New Jersey. He will be absent about two months.

Mrs. Lena Cason of Lake City is on a pleasant visit here to her brother, Phil. Dampier.

The C. E. Society held another one of their enjoyable ice cream socials at the Hall Monday night. It was a success socially and financially.

The many friends of Mrs. Pardee will be gratified to learn that she is recovering from a severe case of blood poisoning of the hand.

Despite the cloudy and inclement weather in our burg The Sun continues to shine as brightly as ever.

C. D. Schafer and wife are spending a few days at Cedar Key for recreation.

James Guinn, who has been suffering with a carbuncle on his arm, has sufficiently recovered to enable him to resume work at his trade of carpentering.

Miss Ellis Married.

The home of Mr. and Mrs. T. B. Ellis, Sr., was the scene of a wedding at 6 o'clock Wednesday morning, when their charming daughter, Miss Allie May, was married to C. A. Marks, Rev. S. B. Rogers of the First Baptist Church officiating.

The bride is one of Gainesville's most popular young ladies. She was born and reared here and has many friends. The groom is a popular conductor of the Seaboard Air Line and is now running a train between Starke and the Suwannee river.

While the marriage came as a surprise, friends of the contracting parties extend congratulations.

Mr. and Mrs. Marks left on the Gainesville and Gulf Railway for points on the Gulf Coast, where they [illegible]

MONTHLY SESSION OF CITY FATHERS

Assessment on Several Pieces of Property Was Reduced.

WILL REMOVE OBSTRUCTIONS

Body Passed a Resolution Directing That Chairman of Street Committee Clean Certain Streets in Accordance With Ordinance—Other Business.

The City Council met in regular monthly session Monday evening, there being present Aldermen Benson, Cushman, Hodges, O'Neill, Taylor and Wittstock, and Clerk Dell.

In the absence of President Broome, Alderman Cushman was elected chairman pro tem.

The minutes of the previous meeting were read and approved, after which council settled down to business.

Alderman Taylor moved that an assessment be levied upon the gas plant of $5,000 and the electric light plant of $10,000, which was carried without opposition.

Upon motion of Alderman Hodges the assessment on the property of Mrs. M. E. Hale was reduced to $800.

The Joseph lot, owned by J. P. Bauknight, was raised on the assessment book from $2,500 to $3,500. Alderman Wittstock thought it a little too steep and made a motion that it be again reduced to its original assessed value. This motion did not meet the approval of a majority of the council, being voted favorably upon by only two members, hence was lost. Alderman Taylor then substituted a motion that the assessment be reduced to $3,000, which was carried.

Alderman O'Neill moved that the assessment upon certain property of Mrs. E. A. Clapp be reduced to $4,000, which was carried.

Some of the city funds being low, Alderman Taylor remedied this deficiency by making a motion to the effect that $355.30 be transferred from the fine and costs fund to the various funds as follows: To the officers' fund, $115; to special light fund, $185; to sanitary fund, $51.30.

The matter of purchase of the street roller was brought up for disposition and a motion by Alderman Hodges prevailed authorizing the president to sign contract with the Springfield Road-Roller Company on the part of the city.

The question of continuing the sanitary work was discussed. The aldermen believed this advisable, and upon motion of Alderman Taylor it was ordered that the work be continued by Acting Marshal Warren for the next thirty days.

Alderman O'Neill, who is also chief of the fire department, stated that the two hose wagons of the department were in need of overhauling and repainting, and upon motion of Alderman Wittstock the Chief was authorized to have this work done.

There was some complaint about the fences, houses and other obstructions on certain streets, caused by encroachment upon public property, which resulted in the passage of the following resolution:

"Resolved, That the chairman of the street committee be and is hereby instructed and directed to remove, or cause to be removed, the following encroachments or obstructions from off the following streets, as provided by ordinances of said city, to-wit:

"1. The fences and buildings, or other encroachments or obstructions, on Lassiter street on the south side thereof, from its intersection with East Main to its intersection with West Main street.

"That the chairman of said street committee be empowered to employ a competent surveyor to establish street lines along said streets, if said chairman deems it necessary."

There being no further business the council took a recess until Tuesday night, when a number of ordinances were presented for action and a few other matters were disposed of.

Epworth League Entertainment.

About fifteen couples of the Epworth League of the Methodist church were entertained by special invitation at the home of Col. and Mrs. I. E. Webster, North Gainesville, Tuesday evening. The party was chaperoned by Mrs. W. R. McKinstry.

Col. and Mrs. Webster enjoy a reputation as clever entertainers, and this was no exception. The evening was delightfully spent, and [illegible] the guests [illegible]

J. S. Hardee of Fannin was in the city yesterday, and called at The Sun office. He is in the employ of P. L. Tison & Co., in their mercantile establishment.

Mrs. J. S. Goode and charming daughters, Misses Addie and Lovie, have returned from a pleasant visit to friends and relatives in Owensboro and other points in Kentucky.

Mrs. Geo. F. McDonald of Williston was in the city for a few hours yesterday. She was en route home from Hague, where she has been on a visit to friends for the past few days.

George McRae left yesterday for Reddick, where he will visit friends and relatives for a few days. Mr. McRae has been slightly indisposed, but it is hoped the recreation will be a benefit to him.

Prof. G. F. Oliphant, who was a member of East Florida Seminary faculty last year as professor of philosophy, has accepted the chair of mathematics at Rollins College. Professor Oliphant is a well known Georgia educator, having held several responsible positions, and will add strength to the forces at Rollins.

Sheriff L. W. Fennell and Attorney J. M. Rivers are in Rex, where they went to conduct the sale of the estate of J. J. Godwin, deceased, in which Mrs. J. J. Godwin, the widow, was administratrix. The property comprises a good saw mill of about 5,000 capacity per day, with valuable farming lands, buildings, personal effects, etc. It was not learned who was the purchaser.

H. J. Kluthe of Jacksonville, an architect of note, is in the city, having come to look over the University grounds preparatory to suggesting plans before the meeting of the joint boards at Jacksonville on the 14th inst., when bids and specifications and plans for the erection of the University buildings will be received. Mr. Kluthe has furnished the plans and superintended the work of many of the finest buildings in Jacksonville, including the Carnegie Library building, which is the only fire-proof building in the State.

W. A. Strickland of Paradise and J. A. J. and C. C. Strickland of Hague were among the visitors to this city yesterday. W. A. Strickland and family have just returned from Worthington Springs, where they have been recuperating. They were compelled to leave, however, because the spring was overflowed by the recent heavy rains. The bridge over the Santa Fe river, Mr. Strickland states, was badly damaged, and passengers were a little cautious in crossing the same. The spring is rapidly going down, and will be at its normal [illegible] a few days.

A party composed of fifteen sportsmen decided to take a hunt early yesterday morning, and succeeded in killing 275 doves within a short distance west of the city in less than two hours. This was a remarkable record. The doves are plentiful in that section now, and it is no trouble to slay them by the score. It is a great sport for those who love to hunt, besides serving the table with a nice delicacy. Among those in the party were J. M. Dell, Dr. J. H. Alderman, J. H. Truby, S. V. Duke and others. Dr. Alderman bagged the greatest number, 37, with Messrs. Dell and Truby close seconds.

Miss Ellis Married.

The home of Mr. and Mrs. T. B. Ellis, Sr., was the scene of a wedding at 6 o'clock Wednesday morning, when their charming daughter, Miss Allie May, was married to C. A. Marks, Rev. S. B. Rogers of the First Baptist Church officiating.

The bride is one of Gainesville's most popular young ladies. She was born and reared here and has many friends. The groom is a popular conductor of the Seaboard Air Line and is now running a train between Starke and the Suwannee river.

While the marriage came as a surprise, friends of the contracting parties extend congratulations.

Mr. and Mrs. Marks left on the Gainesville and Gulf Railway for points on the Gulf Coast.

MONTHLY SESSION OF CITY FATHERS

Assessment on Several Pieces of Property Was Reduced.

WILL REMOVE OBSTRUCTIONS

Body Passed a Resolution Directing That Chairman of Street Committee Clean Certain Streets in Accordance With Ordinance—Other Business.

The City Council met in regular monthly session Monday evening, there being present Aldermen Benson, Cushman, Hodges, O'Neill, Taylor and Wittstock, and Clerk Dell.

In the absence of President Broome, Alderman Cushman was elected chairman pro tem.

The minutes of the previous meeting were read and approved, after which council settled down to business.

Alderman Taylor moved that an assessment be levied upon the gas plant of $5,000 and the electric light plant of $10,000, which was carried without opposition.

Upon motion of Alderman Hodges the assessment on the property of Mrs. M. E. Hale was reduced to $800.

The Joseph lot, owned by J. P. Bauknight, was raised on the assessment book from $2,500 to $3,500. Alderman Wittstock thought it a little too steep and made a motion that it be again reduced to its original assessed value. This motion did not meet the approval of a majority of the council, being voted favorably upon by only two members, hence was lost. Alderman Taylor then substituted a motion that the assessment be reduced to $3,000, which was carried.

Alderman O'Neill moved that the assessment upon certain property of Mrs. E. A. Clapp be reduced to $4,000, which was carried.

Some of the city funds being low, Alderman Taylor remedied this deficiency by making a motion to the effect that $355 30 be transferred from the fine and costs fund to the various funds as follows: To the officers' fund, $115; to special light fund, $189; to sanitary fund, $51 30.

The matter of purchase of the street roller was brought up for disposition and a motion by Alderman Hodges prevailed authorizing the president to sign contract with the Springfield Road-Roller Company on the part of the city.

The question of continuing the sanitary work was discussed. The aldermen believed this advisable, and upon motion of Alderman Taylor it was ordered that the work be continued by Acting Marshal Warren for the next thirty days.

Alderman O'Neill, who is also chief of the fire department, stated that the two hose wagons of the department were in need of overhauling and repainting, and upon motion of Alderman Wittstock the Chief was authorized to have this work done.

There was some complaint about the fences, houses and other obstructions on certain streets, caused by encroachment upon public property, which resulted in the passage of the following resolution:

"Resolved, That the chairman of the street committee be and is hereby instructed and directed to remove, or cause to be removed, the following encroachments or obstructions from off the following streets, as provided by ordinances of said city, to-wit:

"1. The fences and buildings, or other encroachments or obstructions, on Lassiter street on the south side thereof, from its intersection with East Main to its intersection with West Main street.

"That the chairman of said street committee be empowered to employ a competent surveyor to establish street lines along said streets, if said chairman deems it necessary."

There being no further business the council took a recess until Tuesday night, when a number of ordinances were presented for action and a few other matters were disposed of.

Epworth League Entertainment.

About fifteen couples of the Epworth League of the Methodist church were entertained by special invitation at the home of Col. and Mrs. I. E. Webster, North Gainesville, Tuesday evening. The party was chaperoned by Mrs. W. R. McKinstry.

Col. and Mrs. Webster enjoy a reputation as clever entertainers, and this was no exception. The evening was delightfully spent, and [illegible] the guests were treated [illegible]
